EVERGREEN

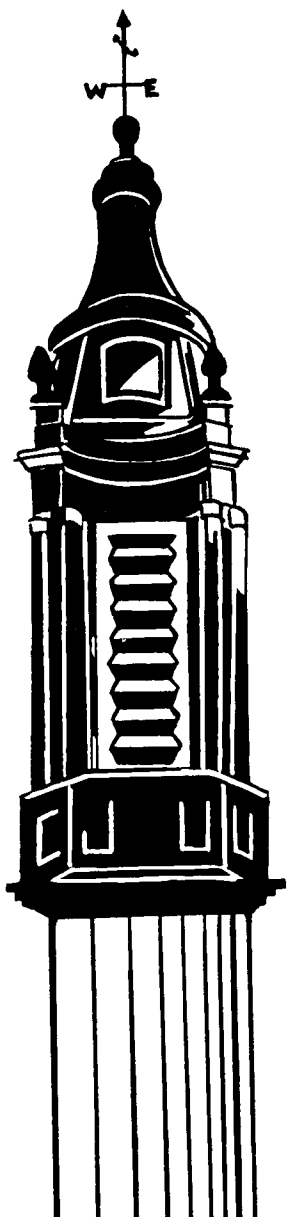

G

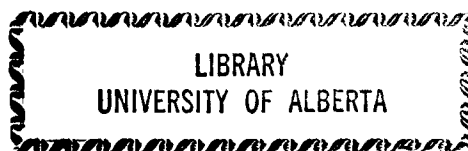

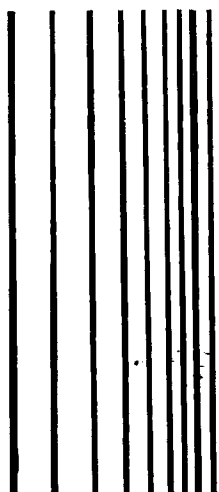

L

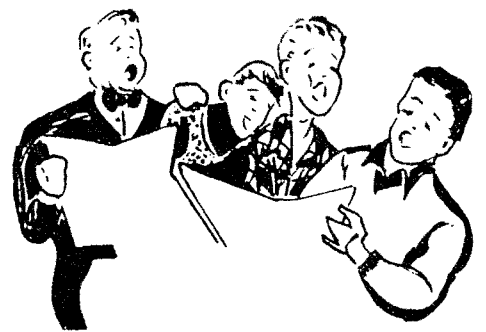

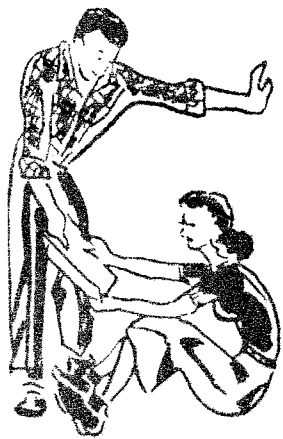

*Ring out a cheer for our Alberta,
A song of praise to varsity.*

ALBERTA

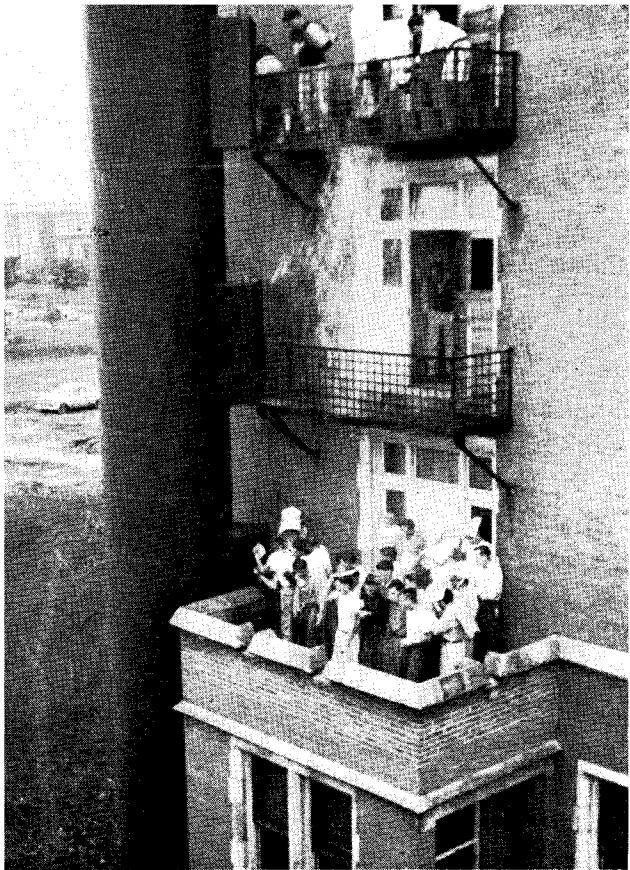

*For the splendour of our mountains,
Our prairies green and gold,*

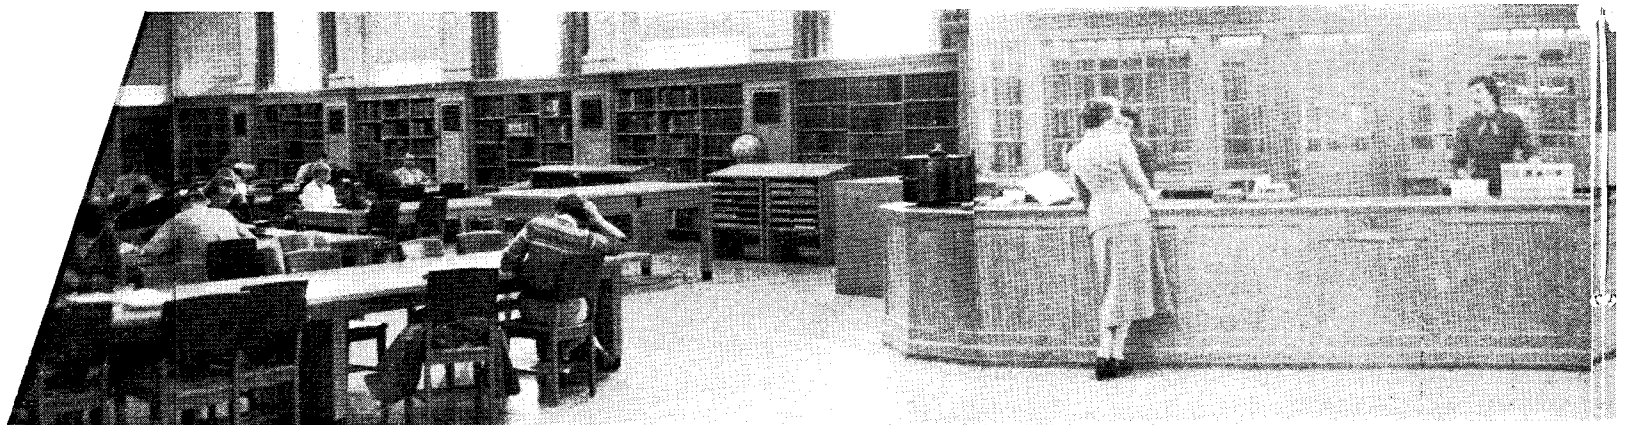

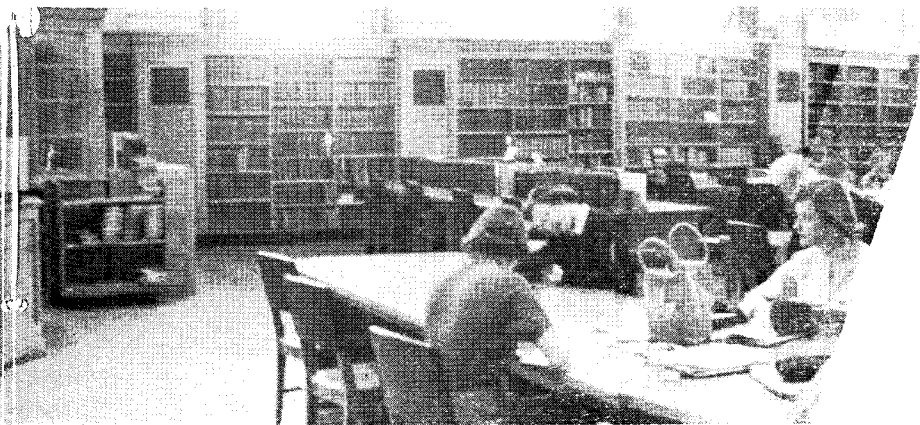

*Ranked beneath whose
glowing colors,
Our legions march
enrolled.*

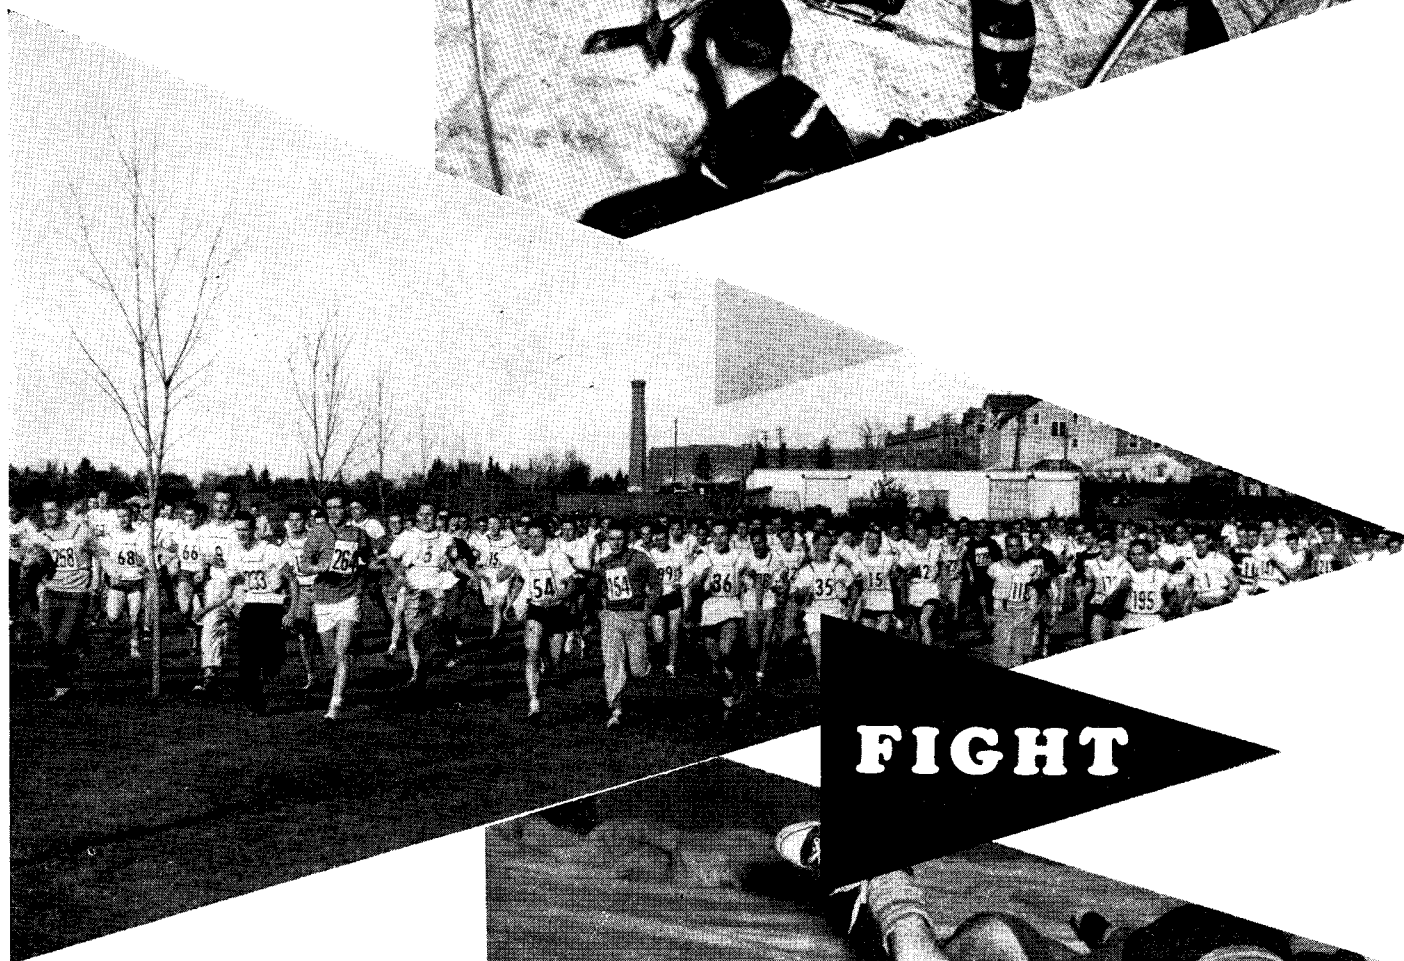

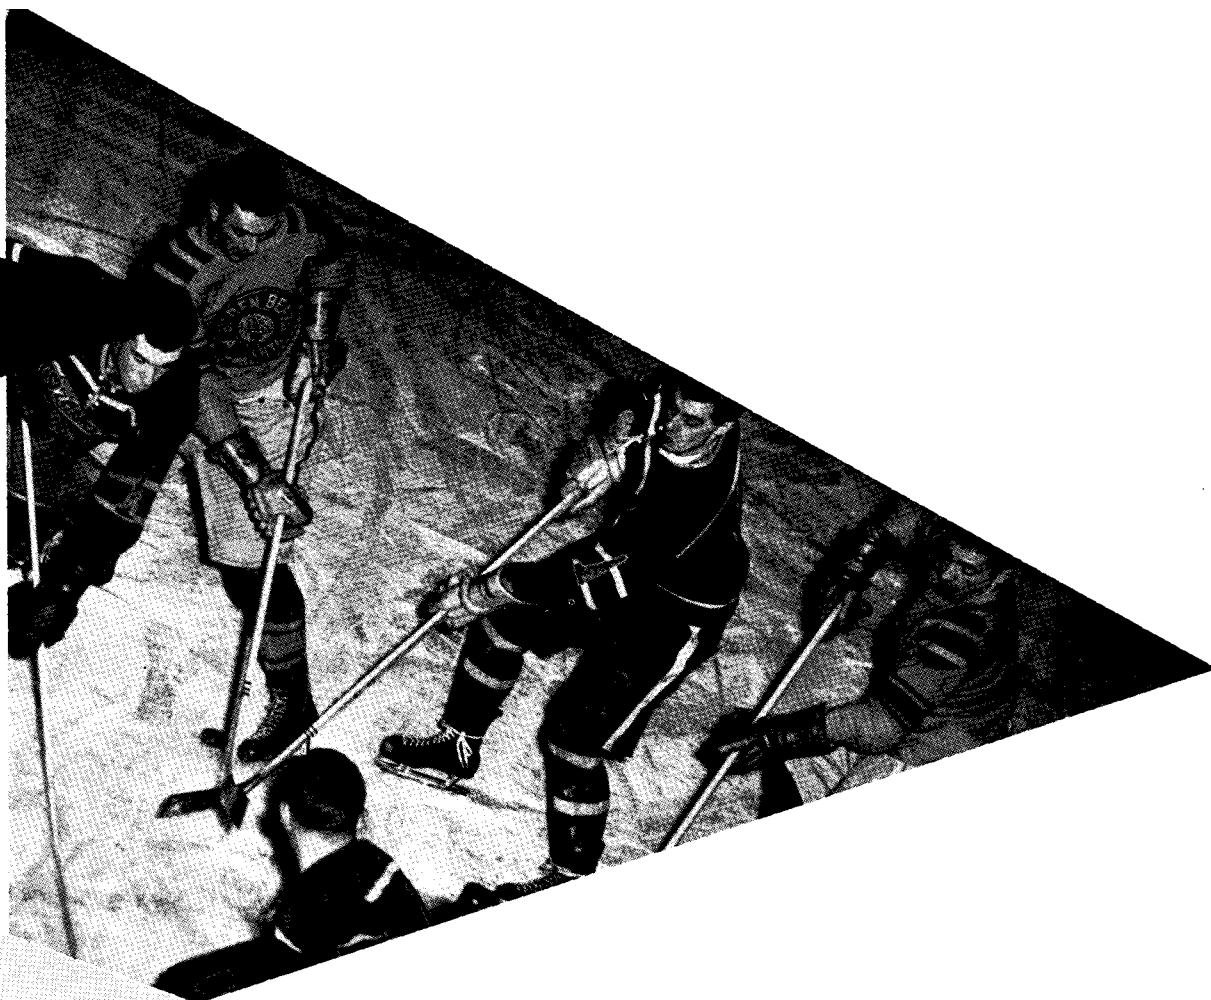

*Our memories will live forever,
Beloved University.*

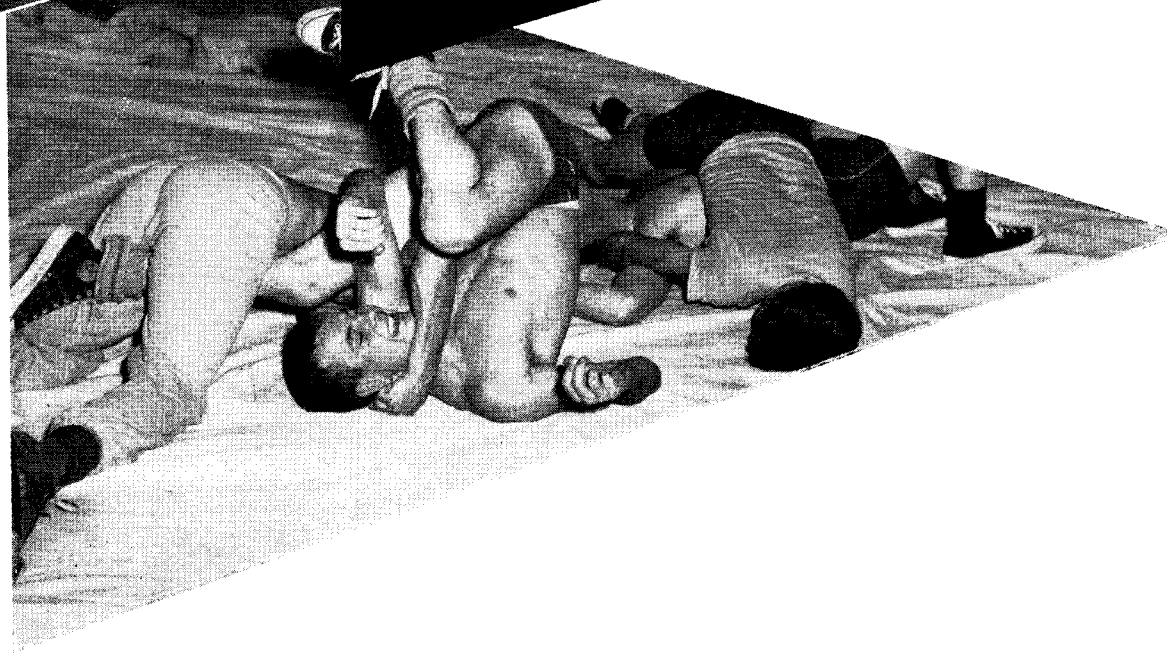

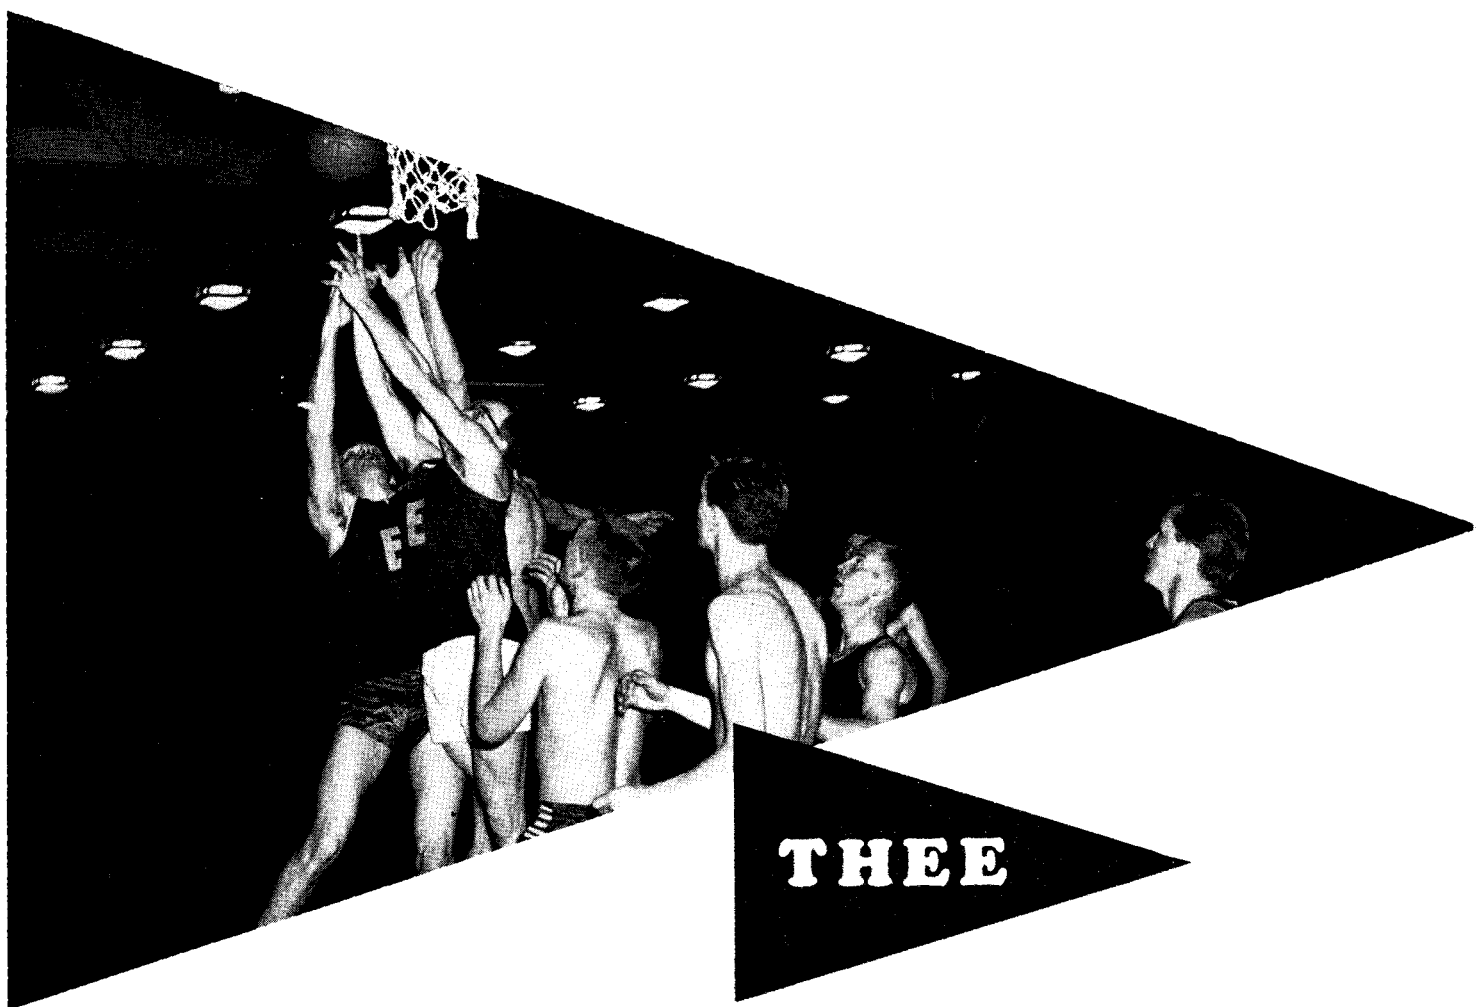

WE

FIGHT

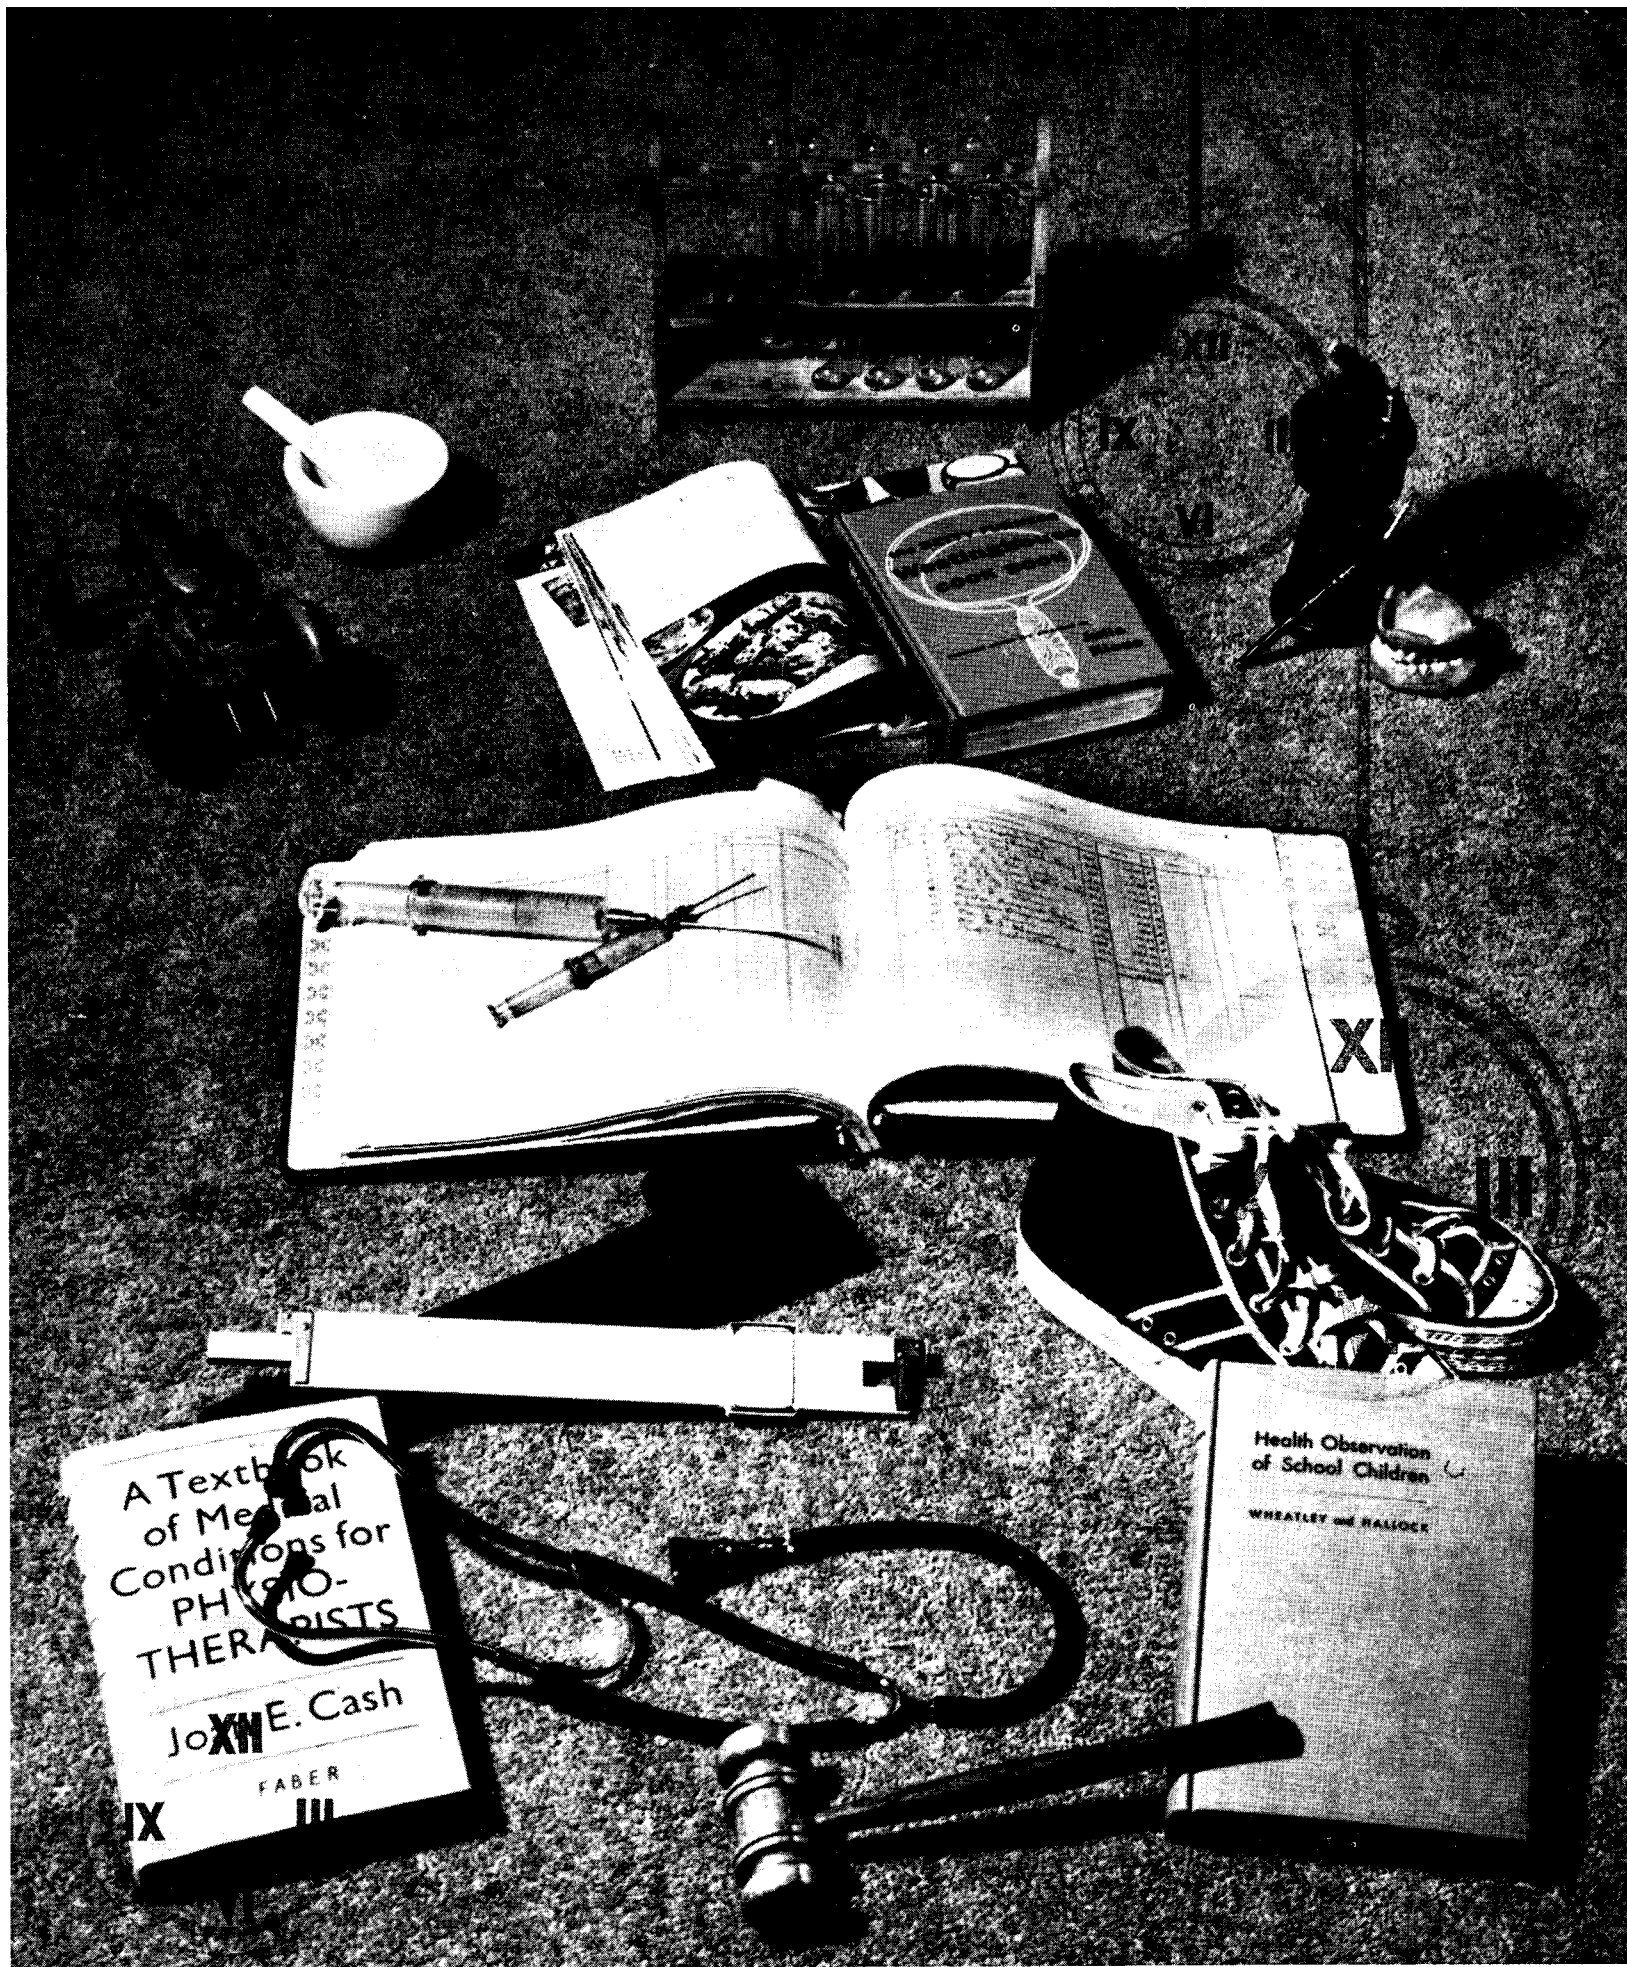

THEE

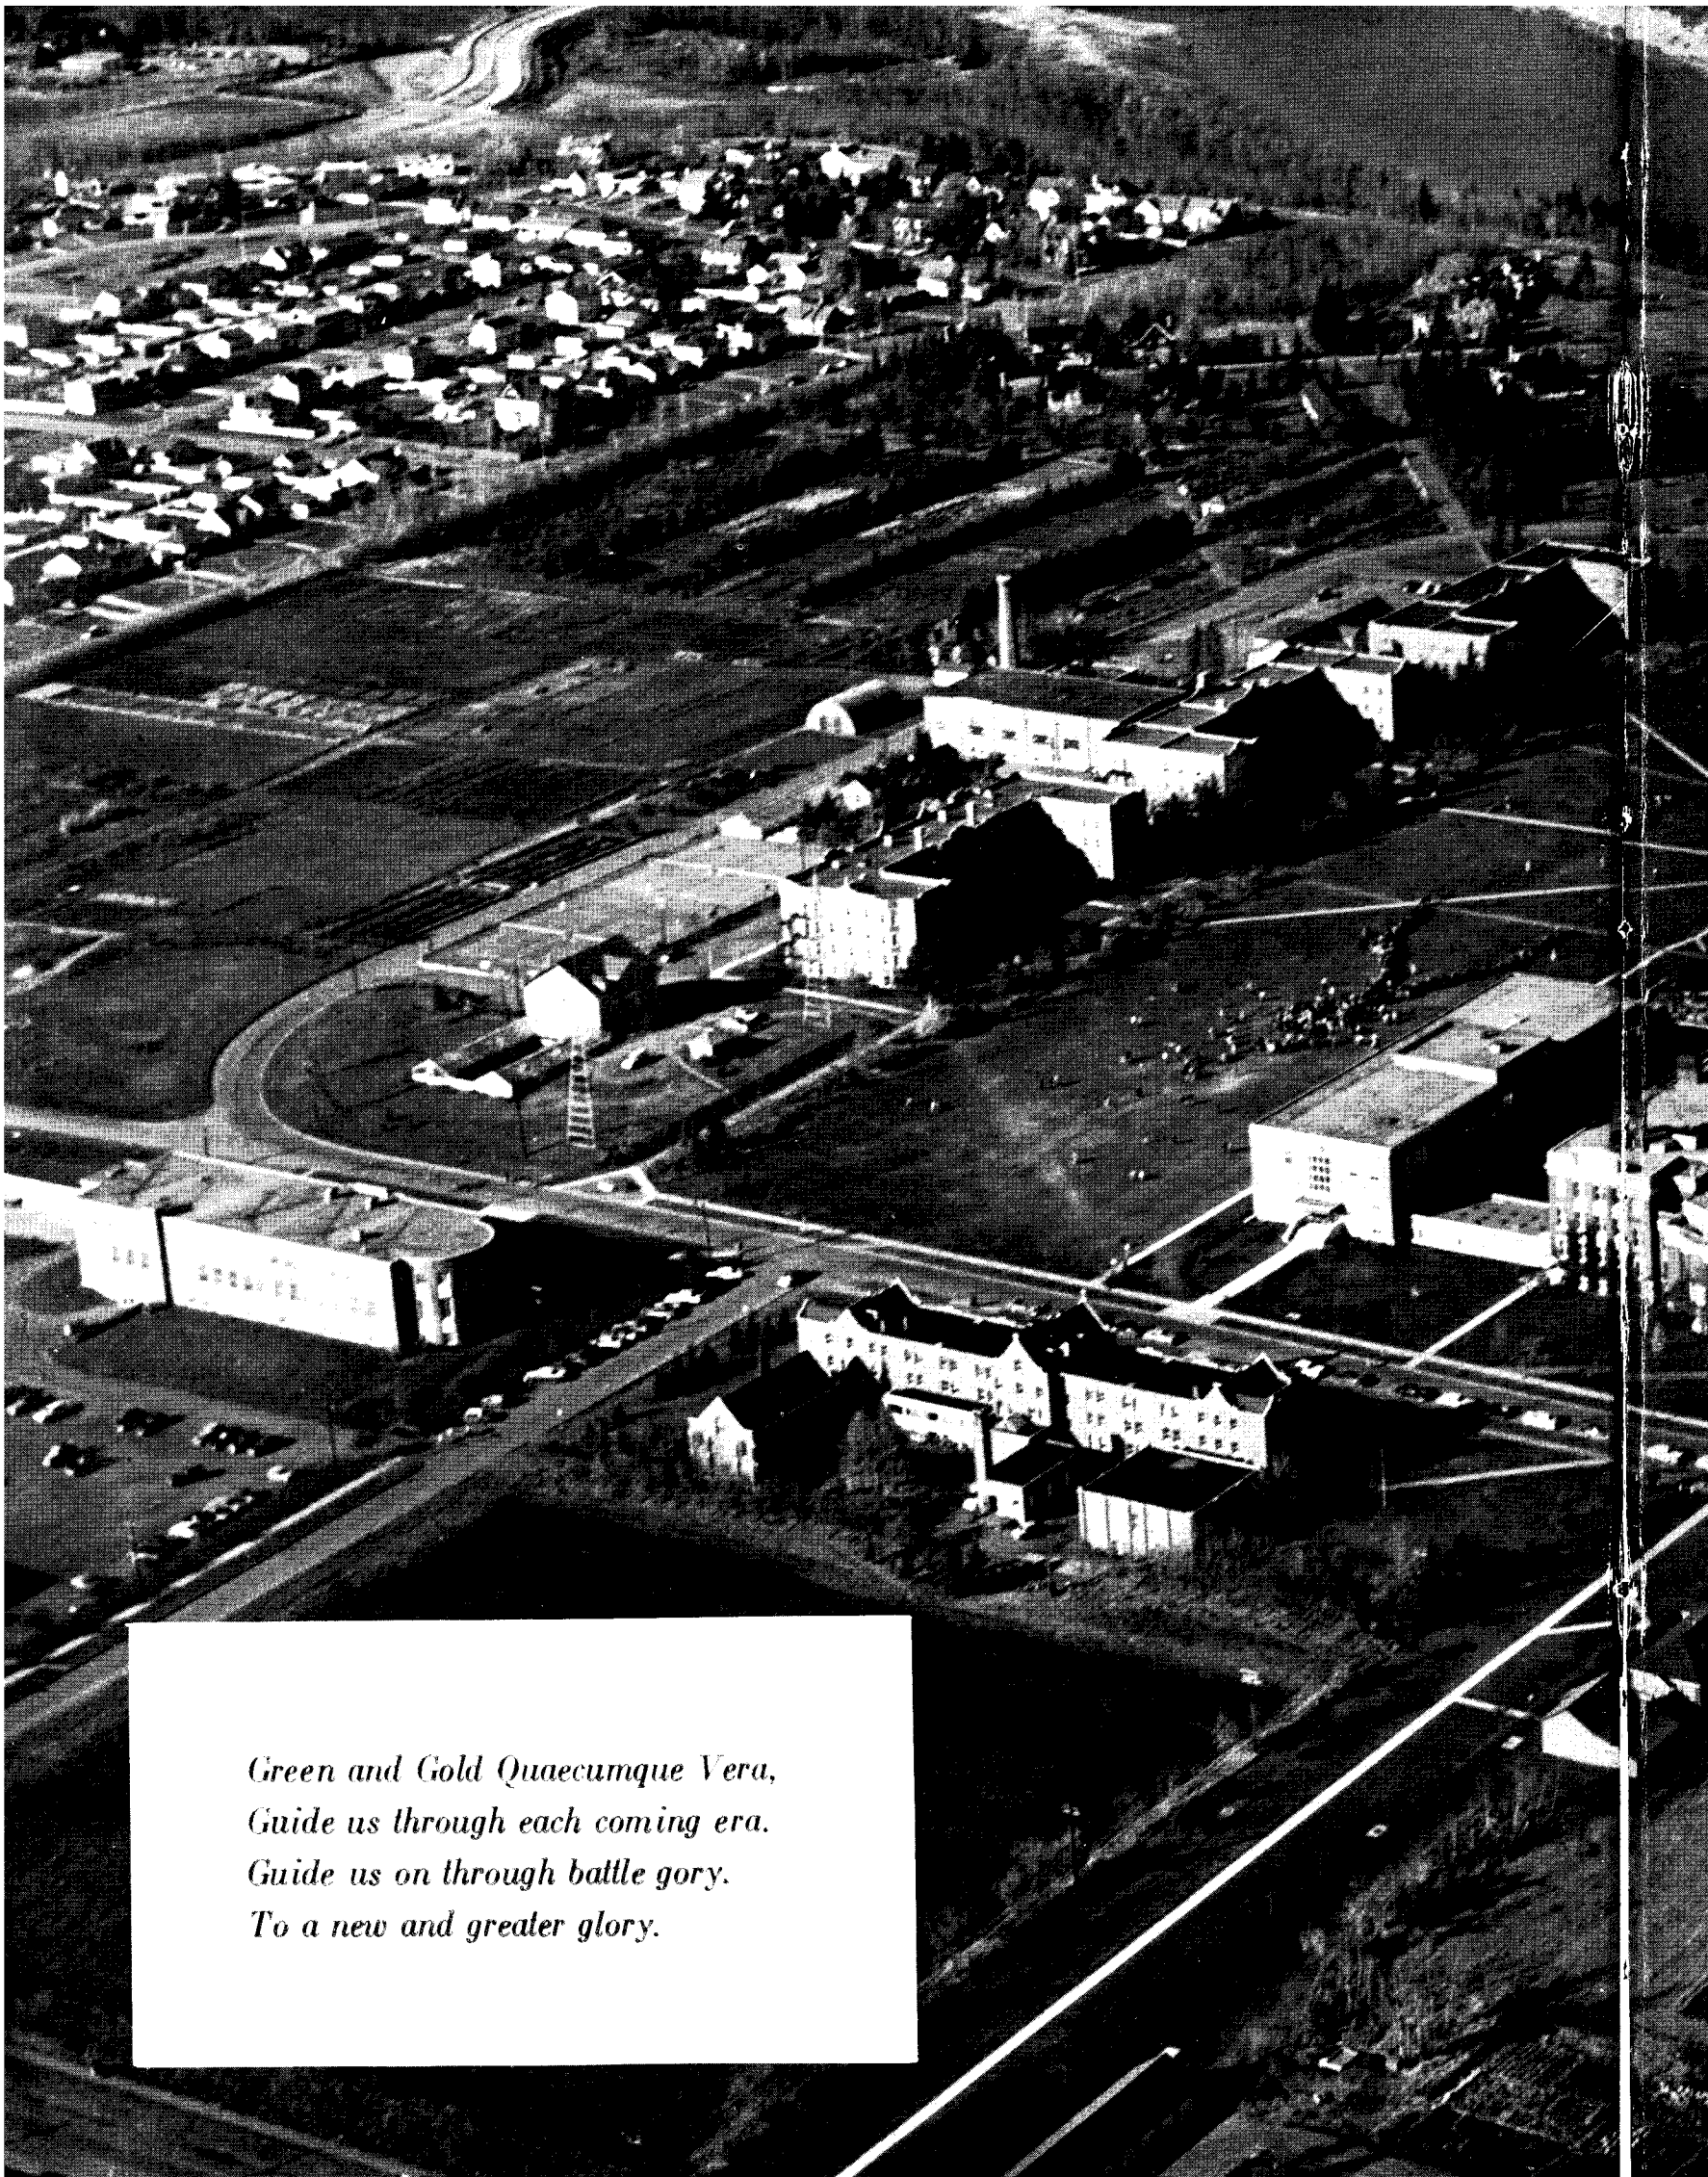

AND

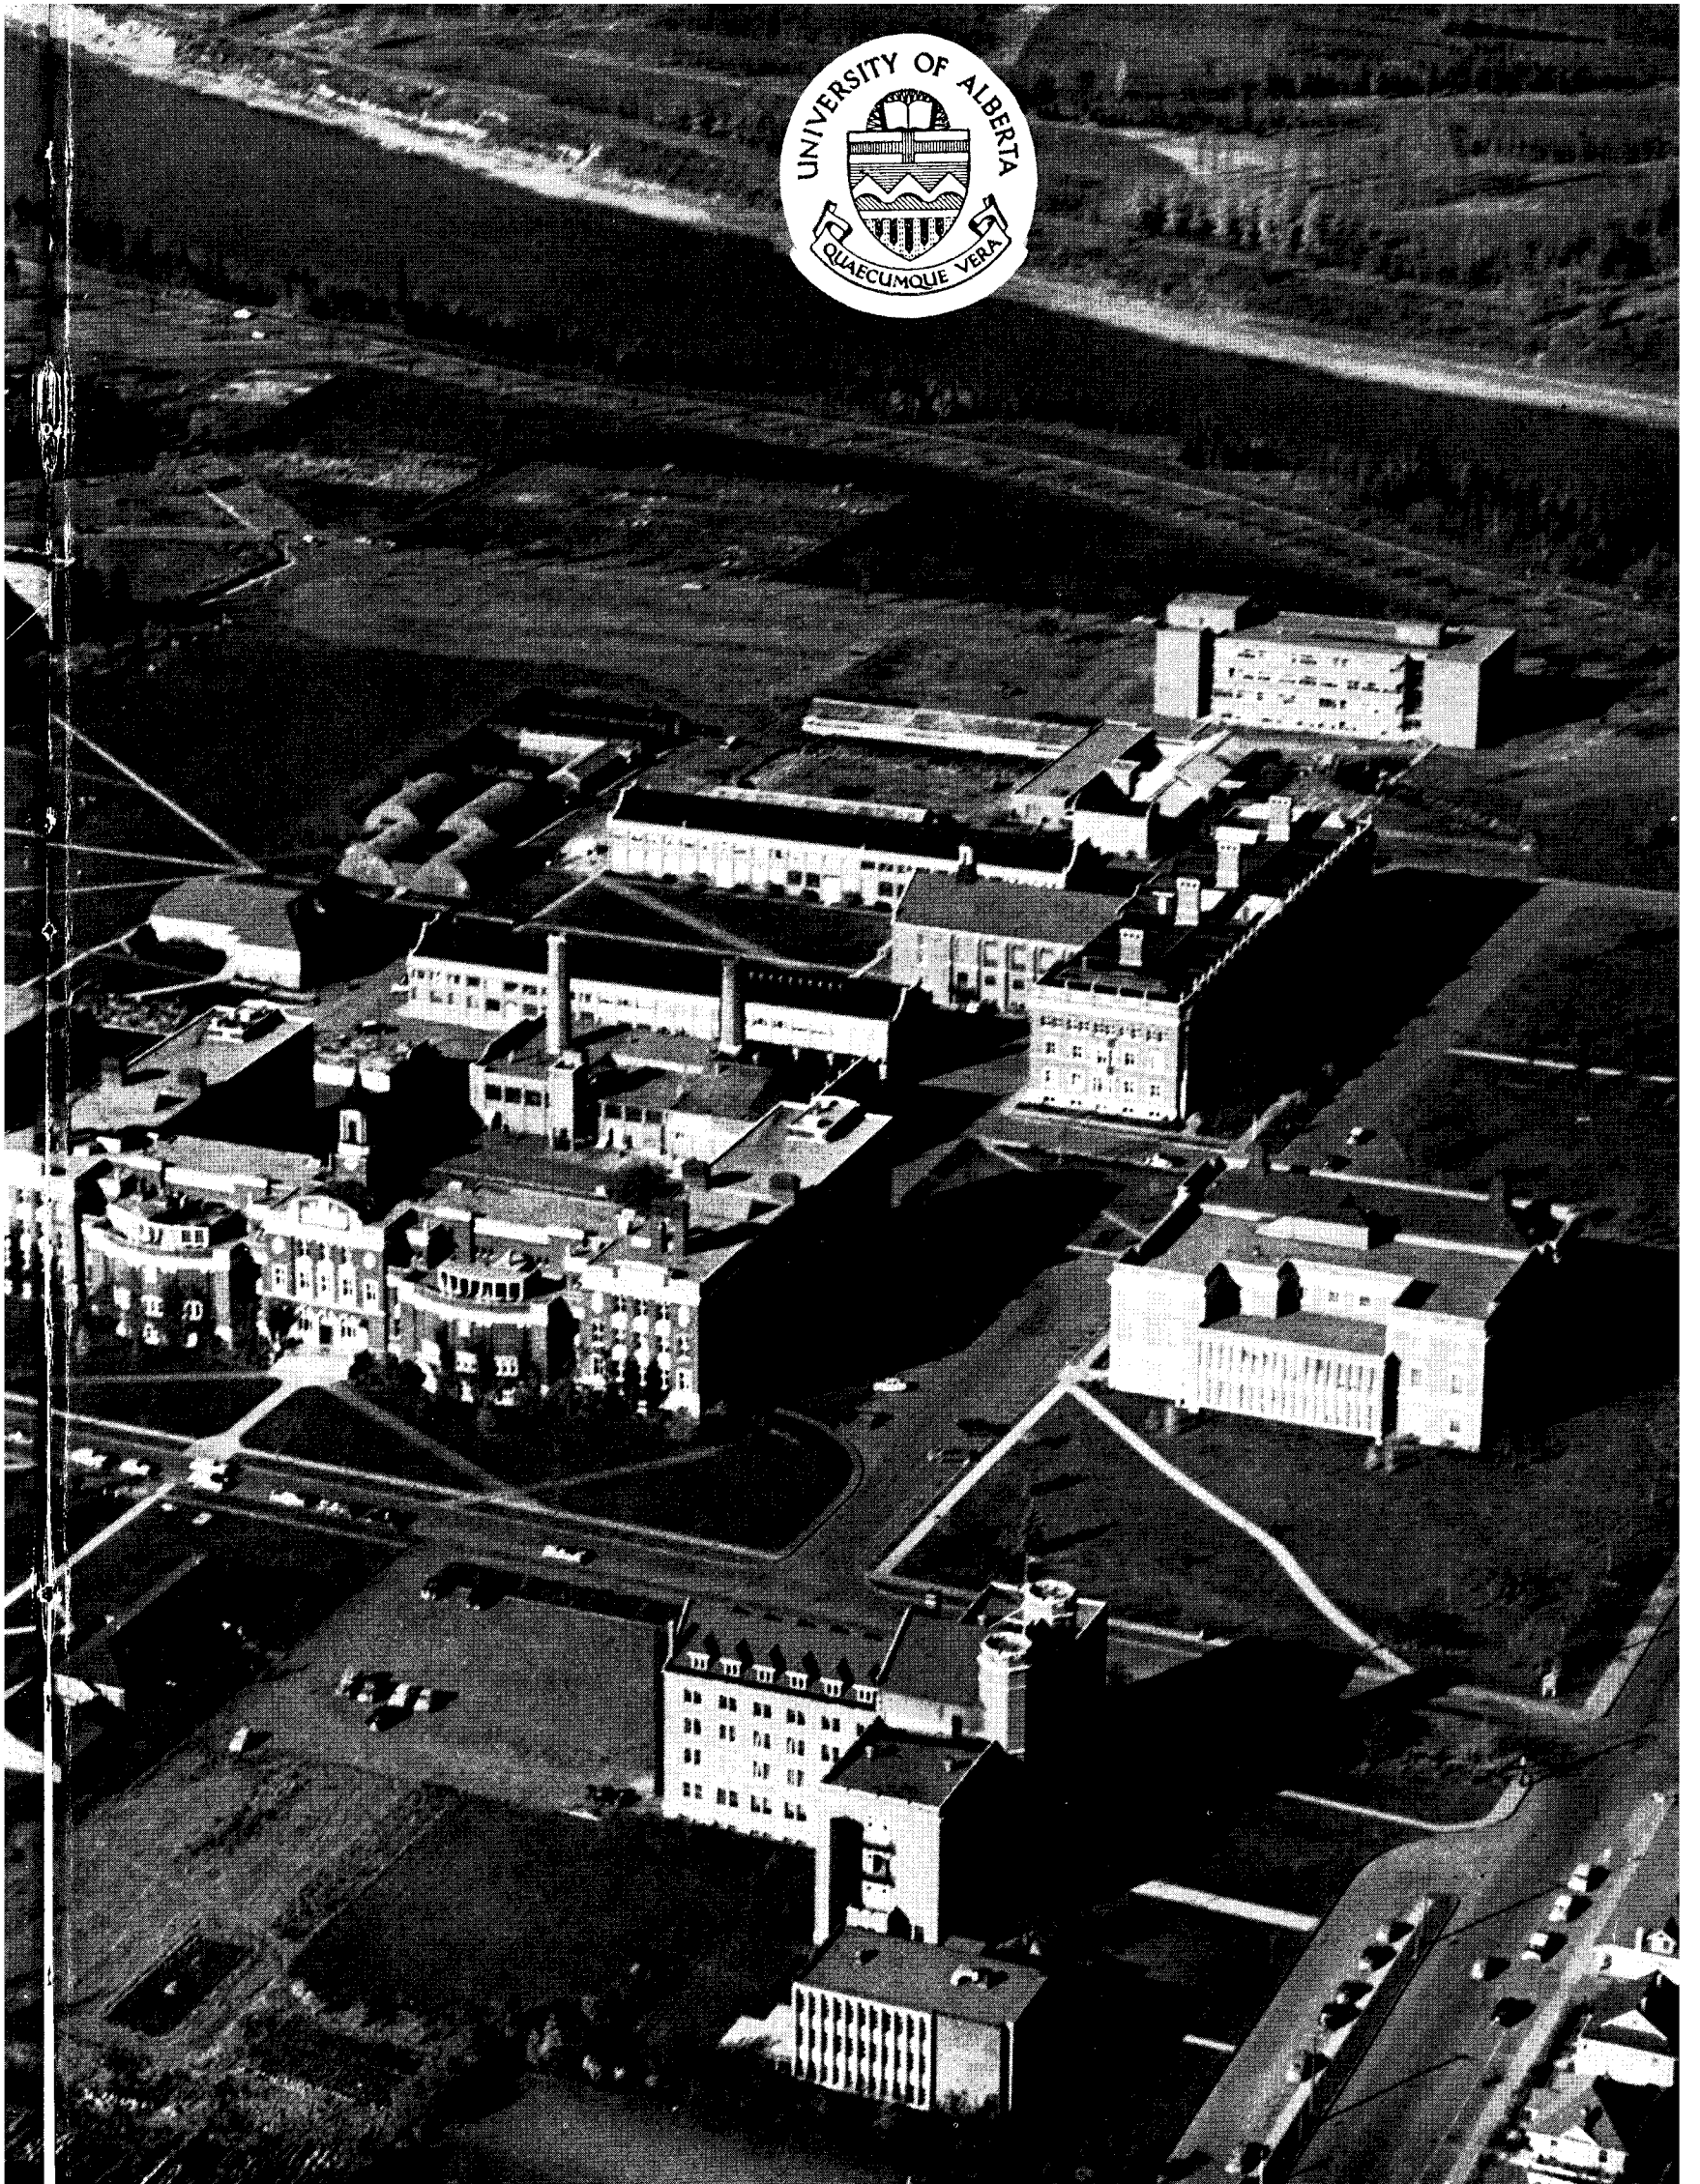

And ever hold thine honor dear.

Our Alma Mater, U. of A.

*Green and Gold Quaecumque Vera,
Guide us through each coming era.
Guide us on through battle gory.
To a new and greater glory.*

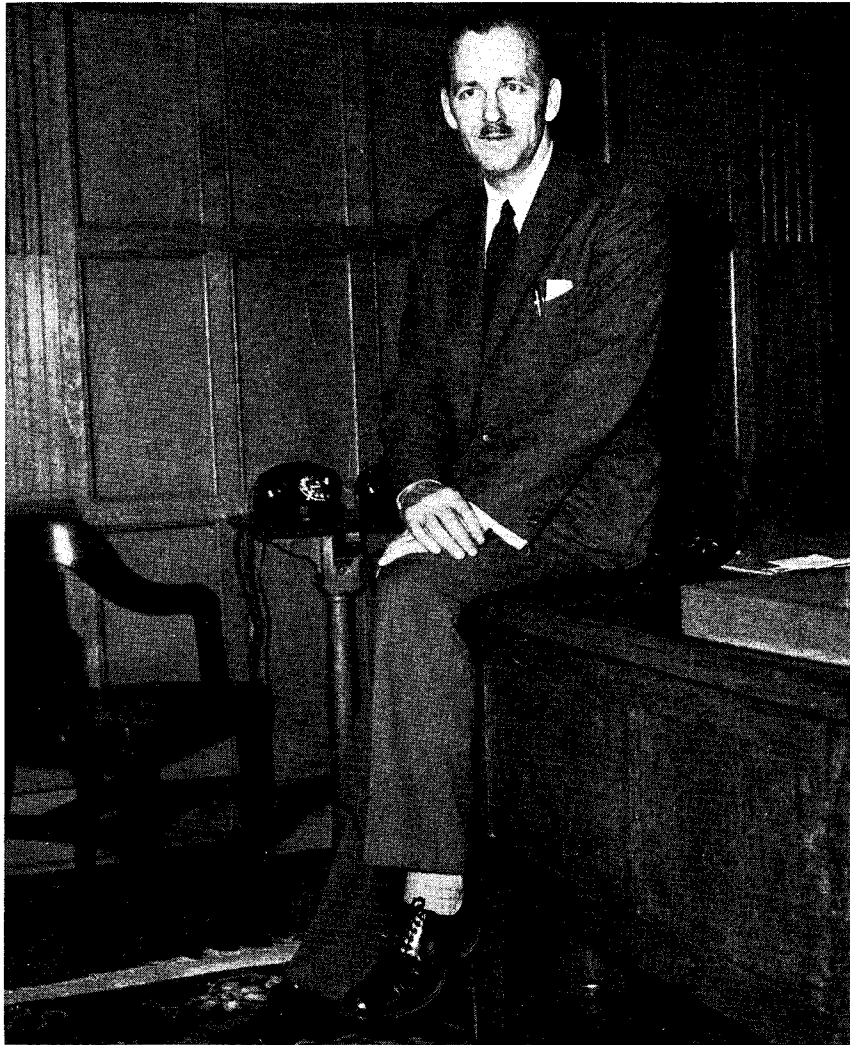

ADMINISTRATION

Editor:

DENNIS LAWSON
SHIELA MACALISTER
NAN ROBERTSON

administration

PRESIDENT ANDREW STEWART
B.S.A., M.A., LL.D.

I understand that the emphasis in the 1956 Evergreen and Gold is to be on informality. The Editor kindly arranged to have me photographed in several informal, but not too informal positions. I hope the result is some improvement over the formal photograph appearing in earlier Year Books. I expect it will be because the photographer was very careful about everything he did. He obviously wanted to do the job properly; and, at least as far as the subject could permit, to get a good picture which would be a credit to himself and the Year Book.

A recent visitor, who had been a student in Europe, kept addressing me as "Your Magnificence." I felt unhappy, and took the first opportunity to assure him that university presidents in Canada were not accustomed to this kind of formal address. I wonder whether I understood him or if he understood me; but I hope I didn't cause him any offence. In any case, I do think we are well-rid of the formality which rests on **status**, or other indefensible criteria.

At the same time formality has its uses. Formal behaviour is a reflection of a common sense of what is proper behaviour. The absence of common modes of behaviour would seem to mean anarchy and chaos. Further, the quality of common modes of behaviour depends on a sense of what is proper; that is, on values or standards. Thus formal behaviour in a university can contribute to its effective functioning; and the quality of a university is the common standards reflected in the actions of those who make up the university community. We can create a better university, of which we will be increasingly proud, only by raising the standards which govern our behaviour.

students' council

JOHN D. BRACCO
President

It is difficult to describe or even to characterize briefly student government at a university. It could be almost whatever you might want to say it is. Student governed activities are certainly varied in type, in interest, in scope, and, of course, in achievement. Considering the dramatically divergent backgrounds and interests of Alberta youth, and especially of those students from beyond our borders, it is remarkable that such a heterogeneous mass of exuberant young people can lay claim to the multitude of serious and spirited achievements recorded in this book. All those that have contributed either much or little to the successes of 1955-56 know that they will leave with much more than their degrees or diplomas.

Your Students' Council has attempted to stimulate student interest and activity. If we improved your welfare, even in a small measure, we will be content that our efforts were justified. We were pleased to revive the dreams and start the plans for the long-awaited recreation building. It is our hope that this project will receive continued student support.

To all students, staff, and administration, that have given so generously of their time and effort toward student affairs, we extend our sincere gratitude. Such whole-hearted co-operation added much to the pleasure and experience of our term of office.

May I conclude with the hope that the zeal, the visions, and the ideals of our university years remain with us long ere we become mellow and jaded.

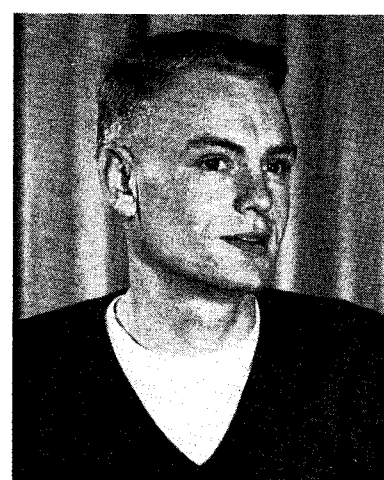

John D. Bracco

RHONDDA EVANS
Vice-President

ARCHIE RYAN
Secretary

JOHN TWEDDLE
Treasurer

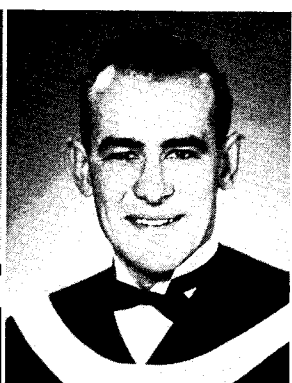

students' council

Again the Students' Council has completed another successful year. Under the capable leadership of John Bracco this body of twenty-three students has worked behind the scenes in successfully co-ordinating the extra-curricular activities of the student population.

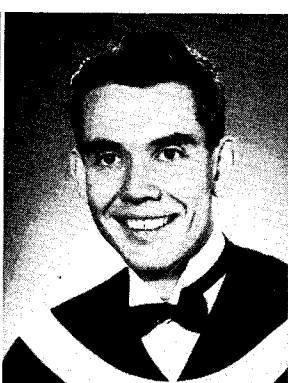

The Students' Council is the body in which is vested the legislative, executive and administrative powers of the Students' Union. Each spring elections are held and the successful candidates begin their duties in the succeeding year.

evergreen

BILL GEDDES
Director

Your Year Book is produced by the students you see on this page. Together we have assembled this book with the earnest hope that you will look back to it with pleasure.

The university enrollment went up this year and resulted in 400 more Evergreen and Golds. We are now approaching 4,000 copies.

In the hope that colored pages would meet with your approval we decided to leave the book at the same size it was last year. Next year it might be possible to enlarge the book to 256 pages.

The art work in the book was done by Ruth Lien and Carole Millard, sketches by John Hunter, while the cover was designed by Stan Pazdar.

I would like you to join with me in thanking all the Evergreen and Gold staff and the photographers, together with Walter Dinwoodie for their collective efforts to produce your 1956 Evergreen and Gold.

Thank you,

BILL GEDDES.

the gateway

The Gateway, student-run newspaper on the campus, continued this year as a bi-monthly tabloid. Two editors-in-chief held office during the year, Nick Wickenden, Arts 4, from September to December and Ralph Brinsmead, Arts 3, from January to April.

The newspaper supplied advance publicity and coverage for all student activities, featuring such happenings as the kidnapping of the Arts and Science Undergraduate Society's king candidates, which was reported in one of the few special editions of The Gateway ever to appear.

The Gateway was judged third best in the Southam Trophy competition sponsored this year by the Canadian University Press. The trophy is awarded annually to the best university newspaper publishing twice or more each week.

The staff averaged sixty editors and reporters for most of the year. On a staff so large, some of the reporters likely would not have had a chance to meet each other had it not been for the informal get-together held each Friday noon in the banquet room of the Students' Union cafeteria. At these meetings, the issues of the past week were discussed and announcements and assignments for the coming week were dealt with.

the story of s. u. b.

Of all the buildings on the campus, the University of Alberta student is most apt to point with the greatest pride to the Students' Union Building, more affectionately known as SUB. To him, it is the centre of campus activities and affords a variety of experiences in which any student may take part.

Upon approaching SUB you are first aware of the spacious well-kept lawns and flower beds which border the building, and set it off picturesquely from the other campus buildings. The main floor consists of a large rotunda lined with shelves housing various well-earned trophies and plaques. The Mixed Lounge plays host to meetings, forums, musical rehearsals, concerts and not-to-be-over-looked weekend dances. The West Lounge, formerly the Men's Lounge, is well equipped with a TV set and easy chairs.

The Students' Union office and the office of the Permanent Secretary Accountant for the University both have their place here as well. If you remember a phone call that should have been made, there are phone booths for your convenience. The Council Chamber, home of the Students' Council of the university, is situated on the main floor also.

Upstairs is the unique and beautiful Wauneita Lounge, decorated in knotty pine with maroons and greens enhancing the atmosphere of the bravery and unity of the Indian tribe Wauneita, which encompasses all women students at univer-

sity. Here new freshettes become loyal members of Wauneita, as they take their tribal vows in an inspiring ceremony. Over the stone fireplace hangs a mural, depicting the ancient Cree legend, painted by Professor Glyde of the Fine Arts Department. Throughout the year important campus social functions are carried out in the Wauneita Lounge.

Offices for the Evergreen and Gold yearbook; the college paper, the "Gateway"; and the Photo-Directorate are located on the second floor. There also are the Music Room and the Faculty Lounge available to faculty members for their meetings or informal get-togethers.

The Games Room on the ground floor is the scene of many battles at billiards or table tennis, or for relaxation a quiet game of cards may be enjoyed. The main pleasure of the college student is not to be overlooked — very reasonably-priced meals are served in the cafeteria throughout the day as many students take advantage of caf. for a meal or a snack and a visit with friends.

Dr. P. S. WARREN
Faculty Adviser

The composition of the University Athletic Board is unique in that it combines students and staff members actively working together as a closely co-ordinated group, to direct and control student participation in intra-mural as well as inter-varsity athletics. The Board is under the chairmanship of Dr. M. L. Van Vliet, Director of the School of Physical Education, and has three elected student members, Blair Mason, President of Men's Athletics; Mary Hendrickson, President of Women's Athletics; Cyril Ing, Treasurer, one voting faculty advisor, Dr. P. S. Warren, and one non-voting member, Miss Pat Austin, Director of Women's Athletics.

golden key society

The Gold Key Society members are appointed yearly by Students' Council after being nominated by various campus organizations. Membership in Gold Key is an award for outstanding work in the extracurricular line on the campus. Members of the Gold Key are to be known by the distinctive blue blazer and gold crest.

The first function of the Gold Key Society on the campus is to organize and conduct the entire program for Freshman Introduction Week. The second major function is the organization and production of the Varsity Varieties show conducted during Varsity Guest Weekend. Also, Gold Key acts as host for all official guests of the Students' Union.

radio society

Under President Raphael Engle, Radio Society has once more made its popular yearly contribution of programs on campus activities. This program is made possible through the efforts of technicians working in the recording studios in the Students' Union Building and is widely listened to by all University students. This, however, was only one of their many accomplishments during the year—they provided music for the coffee drinkers at ten in the evening, made announcements of general interest to the student body, and boost publicity for events such as Mock Parliament, Bloor Donor Clinic and Student Union elections.

wauneita society

"Maids of the Green and Gold gather 'round while we whisper to you the legends of the tribe Wauneita. Know ye that upon trespassing these camping grounds you at once become a member of the great tribe which embraces all Alberta co-eds."

The Wauneita Society was organized in 1910 as a means of promoting friendly understanding among the campus co-eds and also for the purpose of creating a spirit of active interest in student affairs.

The beautiful Wauneita Lounge in the Students' Union Building is the centre for many of the activities carried on throughout the year. These include the first formal dance, coffee parties, a Christmas White Gift Party and teas. Each year certain projects are undertaken, such as sending hampers at Christmas time to needy families.

Indeed, the strains of the Wauneita song and the motto are familiar to all the campus, "Payuk uche Kukeyow, Kukeyow uche payuk."

DICK HASKAYNE

GORDON NELSON

ED TAYLOR

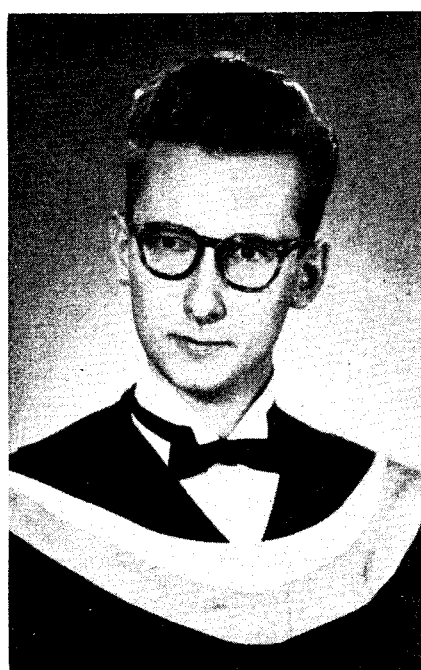

HARRY YOUNG

To every red-blooded male and every hopeful female, the day which sees the Students' Union Telephone Directory off the press marks the rebirth of social life on the campus. This little book, which is referred to more often than any text book, starts bells ringing in the ears of all.

To the staff this is a red letter day of a different sort, one that sees the end of the many hours of work necessary to produce this valuable manual.

"FUN AND GAMES"

JIM SHERBANIUK
Public Relations Officer

public relations

The all-important aspect of University public relations this year was under the guiding hand of James Sherbaniuk, who organized the fall Varsity Football Parade, Civic Banquet, Parliamentary Banquet and the mammoth Varsity Guest Weekend.

The Public Relations Officer's duty is to issue press releases about campus activities and to look after the many events in which the public comes in contact with the University. Before being appointed to the position, Jim had been active in newspaper circles throughout Canada.

Very capable assistants in the public relations department were Elizabeth Colquhoun, Beverly Corben and Glyn Richards.

GERHARD SCHOLTEN
Director of Photography Directorate

photography directorate

The Photo-Directorate is a volunteer student organization of camera enthusiasts, supplying pictures of clubs, student functions, and campus highlights to the Evergreen and Gold and The Gateway.

Guided by the experience of the previous year, considerable changes were made in the operation of the Directorate. The staff was at first limited to a mere five, all of whom were experienced photographers. However, the great number of assignments soon proved to be more than

these eager beavers could handle, so in November the assistance of two girls was obtained. They proved to be wonderful workers, and the situation improved beyond expectation. It is therefore hoped that, next year, more girls will feel free to join the Photo-Directorate and experience the thrills and adventures of Press Photography.

Although the enthusiasm of the members seemed at times directly proportional to the distance from assignments they proved, nevertheless, to be willing and very capable workers.

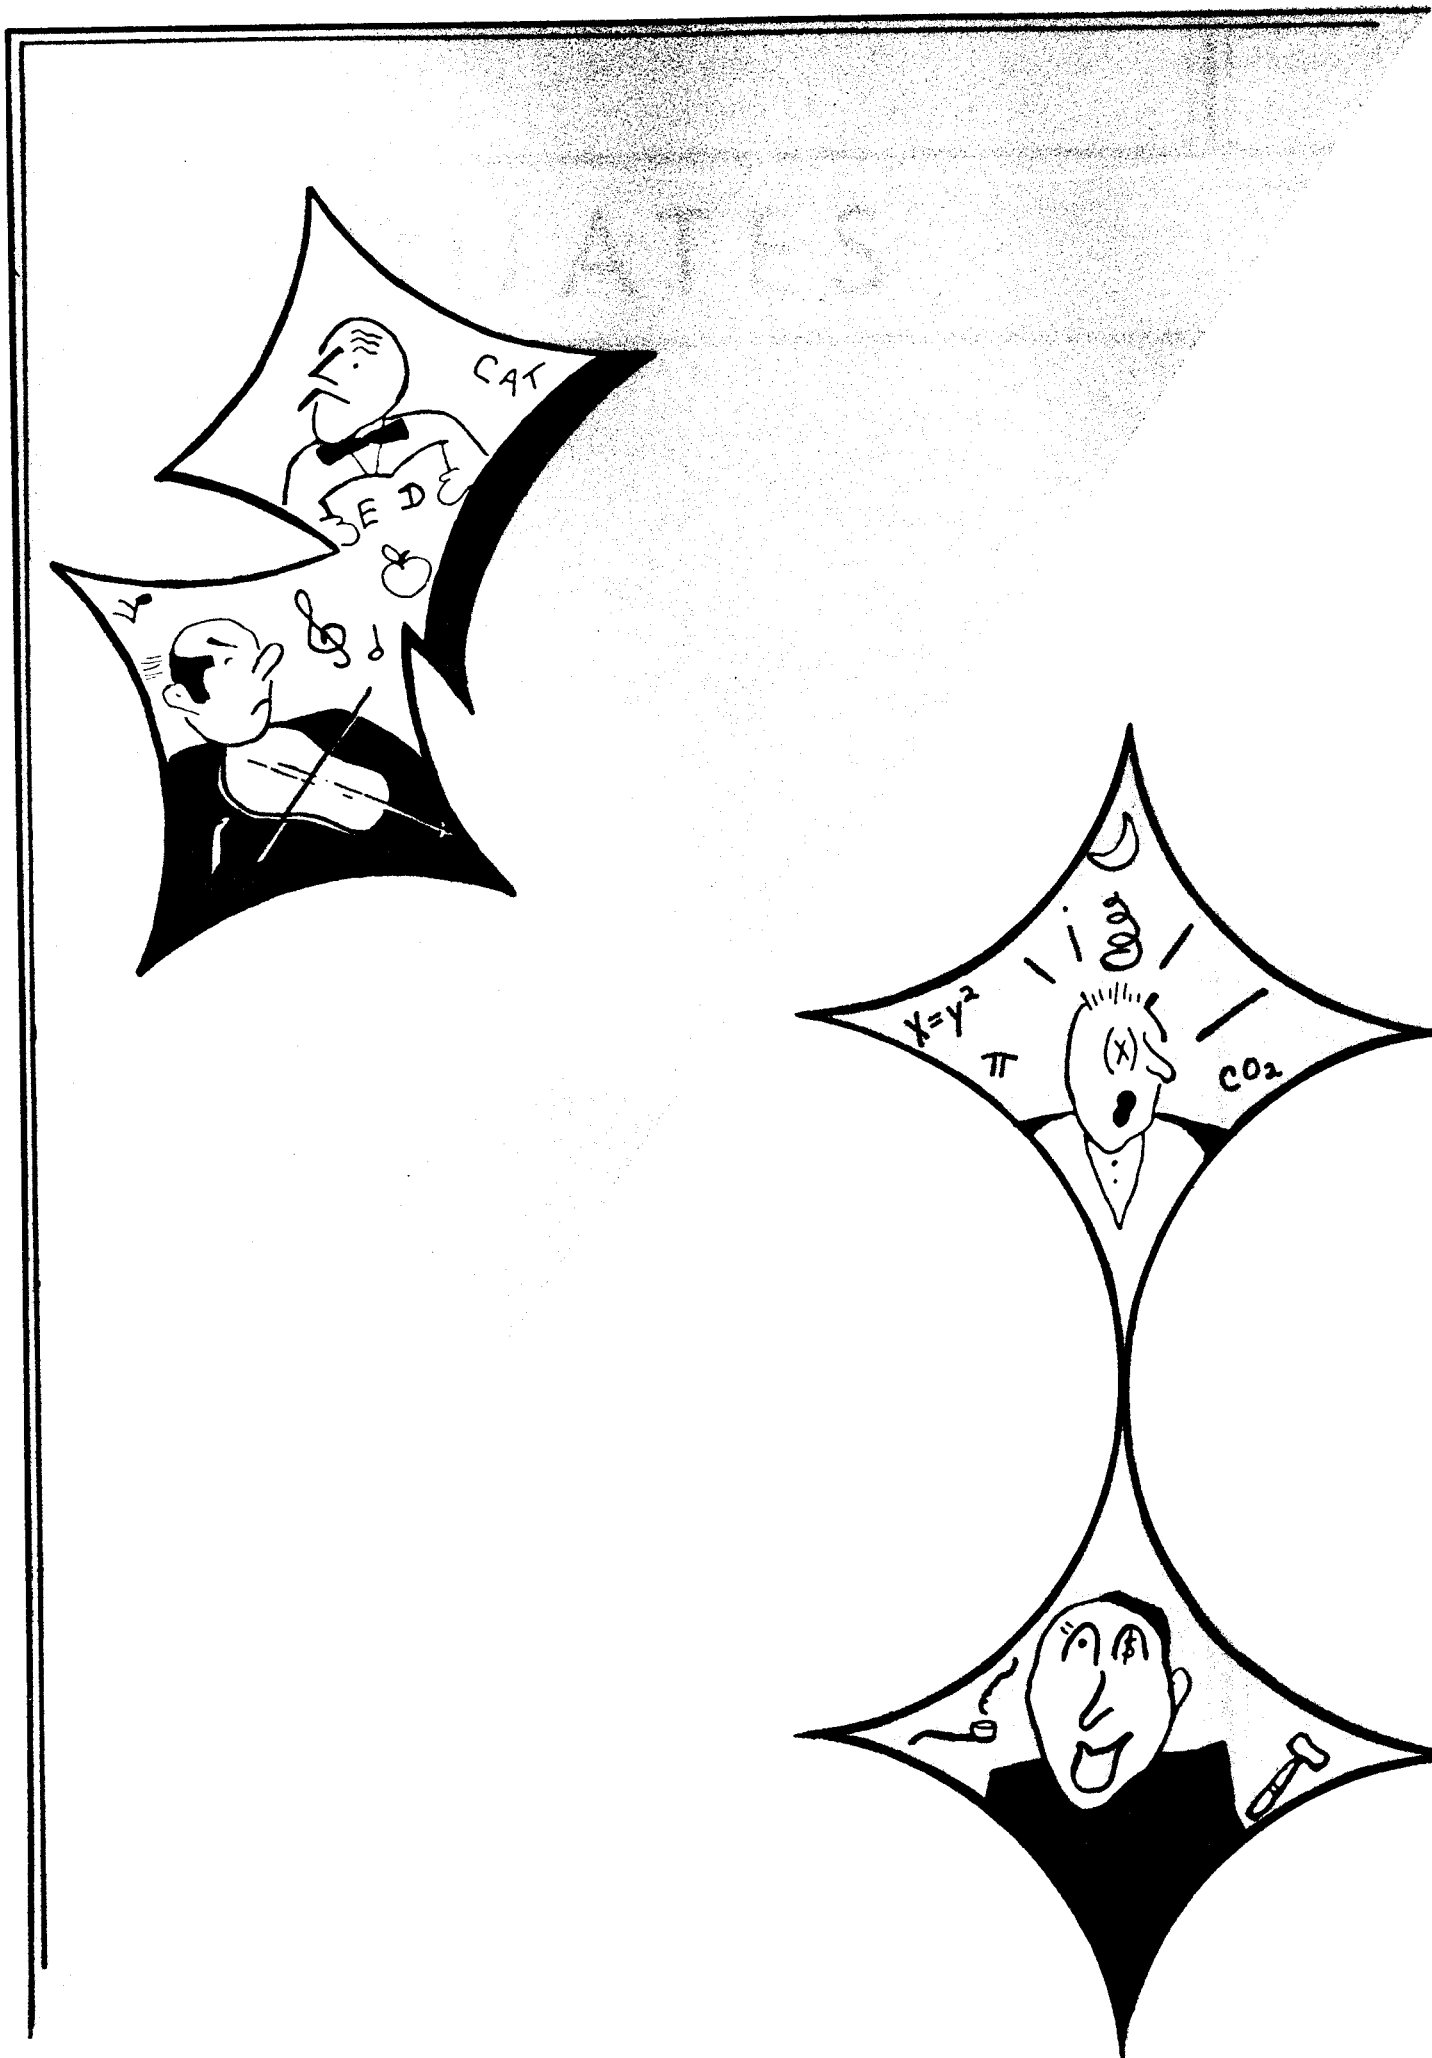

"So much advice for one little picture"

Valedictory . . .

1956

The turning point of our lives is upon us. We are about to step into the world where we will be expected to perform, produce, and contribute, rather than procure, receive, and absorb. Today, at such a turning point, is the opportunity for a farewell, and a time for a challenging look to the future.

The class of '56 is a term which will be used numerous times in the future. However, it is the individuals in that class who we are to look at today, for there would be no graduating class without its graduands.

As we look back upon our short stay here, certain highlights stand out before us all. No graduand sees these events in the same perspective. Because we are individuals, we have had individual experiences stemming from the general process of life here. One person still remembers the encouraging remarks on the first essay returned to him, another remembers another kind of remark. All of us remember essays, lab. reports, or clinic reports, generally.

So it is with each and every experience we have had during university life. You look back and remember your embarrassment before the Frosh Court; I look back and remember a multitude of psychological exams all in one afternoon; another person looks back to the thrill of the first Frosh Dance; all of us look back on the exciting days of Frosh Week. Someone recalls the glory of winning a cross-country race; another feels pain at the thought of a blunder made during a championship basketball game. We all recollect the thrill of our sporting events. A recent memory of one person is an oratorical triumph at Model Parliament, while another has the memory of defeat.

Individual or group reminiscence about the past makes us reflect concerning the value of, and the benefits derived from our university education.

Our actual basic academic work has given us a foundation, a solid basis on which to build our contributions to society. Indeed each foundation assumes a different form for each graduand. One person has a broad background suitable for general work, another has a narrow basis of intensive study in one area.

Although as a whole our academic work has been similar, we exist here and now with different potentials for a multiplicity of endeavours which will enable us to take our place as effective citizens in the community.

We hope we have grown satisfactorily into the skill necessary for democratic social participation. Each of us has gained a different portion of this skill, which portion will manifest itself in our individuality when we participate in the group, in society.

This all too brief appraisal of the benefits obtained from the university is sufficient cause for reflective thinking concerning the members of our faculties with whom we came in contact. To place a value on their endeavours on our behalf before we taste real life is a formidable task, but we are confident that as our own lives mature, we will appreciate increasingly the wisdom which they possess and which they have attempted with all known methods to transfer to our receptive, ever striving, but forgetful minds. Because we have this confidence, we are able to thank sincerely our faculty for all that it has done with us and for us. It would be amiss not to note that here, too, the inter-actions of the individual students with the individual professors has further added to our own personal uniqueness. We have been capably led in our quest for Whatsoever Things are True, and each of us has developed skill to carry out our search, and will be able to apply our varying backgrounds to the task with energy.

How fortunate also are we to have had the privilege of studying within these walls. We can count ourselves among the most favoured in the world to have enjoyed the opportunities they have offered. The administration's concern that we receive only the finest has not gone unheeded by the student. Our use of these facilities is surely reflected in us personally. We hope the image may be bright.

As we turn our searching eyes from the early 1950's to the late 1950's and '60's and '70's, we realize the responsibility placed upon us through our stay here. We go forward with differing expectations of the world's impact upon us, and of our own slight thrust upon it. As university graduates, we must be ready for leadership, and equally ready to be good followers. Our broad or narrow foundations have prepared us for some specific tasks. May we meet the new opportunities with a spirit of service and dedication.

We have seen how we entered this university as individuals as a class we shared the same general experiences, academically and socially; but behind all this was the influence of the many particular experiences and contacts, each molding us to become unique, to leave this campus as an individual, to make an individual contribution to our society. We go forward for the sake of records as the class of '56 we go forward for the sake of society as individuals, but the upholding of both of these must be our daily and ultimate goal.

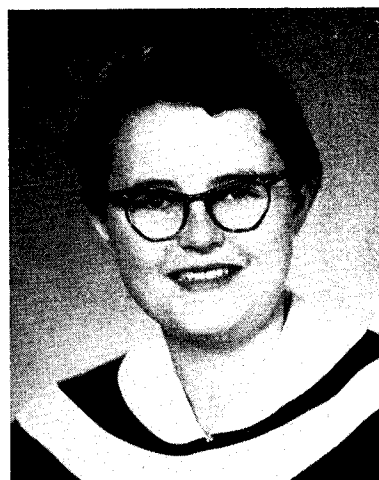

RAY BLACKLOCK.

Class History . . .

1956

The time has come to write the history of the Class of '56. It is a pleasant task to recall the past few years, sifting out the memories which have completed the dreams we once had of what our varsity life was to be. Perhaps this history will appear repetitious of those chapters which have gone before, but to the graduating class it will be a happy recollection of the memories and experiences that we call our university career.

Do you remember Frosh week? That frustrating dilemma of all-embracing newness — the people, the buildings, the system and most of all, the frosh. There was a great to do of registrations, teas, parties, dances, and pep rallies. The seniors filled our ears with advice as they drank up our coffee tickets in Tuck, SUB and Caf. We had to wrestle with the map of the campus; experience the phenomena that all these faces were different and that they would have a definite place in this new life we had chosen. Classes began, and as the freshmen excitement and newness was rubbed down and polished into the warm glow of being a university student we began to realize that the balance of work and fun made for the greatest success and satisfaction in our university life.

JEANNETTE FARRELL

Each year has been marked by activities which are annual successes. The Wauneita formal, the Mixed Chorus concert, and the Bar-None met with enthusiasm each year. Color Night has provided us with an opportunity to say our final "thank you" to those students who have contributed so much to our university. The cultural contributions of the Studio Theatre and University Symphony programs have come to be more fully realized. The Intervarsity and Intramural sports activities have kept alive campus spirit. Our teams have always been promoters of good will in their activities with other universities. Election week has provided the students an opportunity to see campus spirit at work. The candidates have always provided vigorous and wholesome stimulation to varsity life.

Each year has seen the introduction of some new event to the campus as well as the continued success of those traditional activities which make up our campus life. The term 1952 - 53 saw several changes in the sphere of student government — the class system was abolished, the public budget meetings were discontinued due to lack of student interest, and the award system was amended. The Arts and Science club was re-organized, and the Mardi Gras dance became an annual event. The Studio Theatre's major production was "Othello," the Mixed Chorus met with great enthusiasm and Varsity Guest Weekend became an annual event under the direction of the Students' Union Public Relations Officer.

The Frosh of 1953 - 54 took part in the last organized snake dance that U. of A. was to see. There were a number of new activities introduced to the students: International nights sponsored by World University Service came to be; Frontiersmen day was initiated and the first Ph.D. was awarded at fall convocation. The Engineering building was officially opened in the fall. On the political scene students openly protested the introduction of the six-week teaching program. The literary edition of Stet was abandoned and the rumor that a Free Love Society had been organized caused undue alarm.

The Agricultural students had a new building for the new term. The Varsity Football parade in co-ordination with a Calgary-Edmonton football game picked up new life due to the keen inter-faculty competition in 1954 - 55. Alberta's past Students' Union president Doug Burns was elected president of the National Federation of Canadian University Students. The nurses and engineers organized the first "survival of the fittest" dance after a series of challenges made by other faculties concerning the manliness of the average engineering student. On the cultural scene, the Provincial Drama Festival was staged in Convocation Hall. TV invaded the men's lounge that year; and John Bracco was acclaimed president of the Students' Union. The last major happening of the term was the caving-in of the Drill Hall roof, resulting in final exams being written all over the campus.

The last and perhaps the best year of all, 1955 - 56 holds for all of us great memories of our university lives. The City of Edmonton, in an attempt to replace the mammoth snake dances of the past, sponsored a Civic welcome dance for the Frosh. Alberta was host to the annual convention of the National Federation of Canadian University Students. In the international field, our delegates to WUS seminars in Japan and Europe provided the campus with a newer and broader outlook on world affairs. The students bled their way to top honors in the annual university competition for the Corpuscle Cup. The Political Science club made its way back into the stronghold of campus interest backed by the assurance that Mock Parliament will become an annual event. The University Symphony undertook a strenuous program and Studio Theatre saw its most active year to date. The Mixed Chorus planned an extensive spring tour of the Okanogan, which will take them out of the province for the first time. The Gateway and its bogus cohorts the Gatepost, Flush and the Orifice kept the campus alert to current issues. Varsity Guest Weekend was the most successful ever. Under student direction from publicity to Varsity Varieties it has helped fulfill the need for public education of what our university really is and does for the province at large.

Yes,, there have been many changes in the past few years — buildings have been constructed, courses have been added to the curriculum and others have been altered, social events have flourished and fallen, and administration and faculty have changed as well. But the greatest change lies in each of us, the students. Each of us has taken in some measure the motto of our Alma Mater, "to follow whatsoever things are true," and each of us in turn has attempted to fulfill that motto. Now that we are taking leave of this life which has prepared us not only to make a living but a way of life let us not lose sight of this ideal. It is that spirit of search which has changed us from the men and women of tomorrow into the men and women of today. May our preparation make us deserving of that trust.

Sandy Fitch

In the annual tournament with Saskatchewan this year, Alberta golfers split their matches, the men's team winning theirs and the women losing theirs. The teams were selected from the winners of the Intramural playdowns.

TENNIS

Alberta lost the tennis trophy to Saskatchewan by the narrow margin of five matches to four. The strong men's team fielded by Saskatchewan proved too strong for Alberta and our only wins were in women's and mixed divisions.

THE INTERVARSITY TENNIS TEAM

Left to Right: John Higgin, Barb Shortreed, Eilean Nicol, Connie Horeak, Don Jackson. Missing: Ron Ghitter

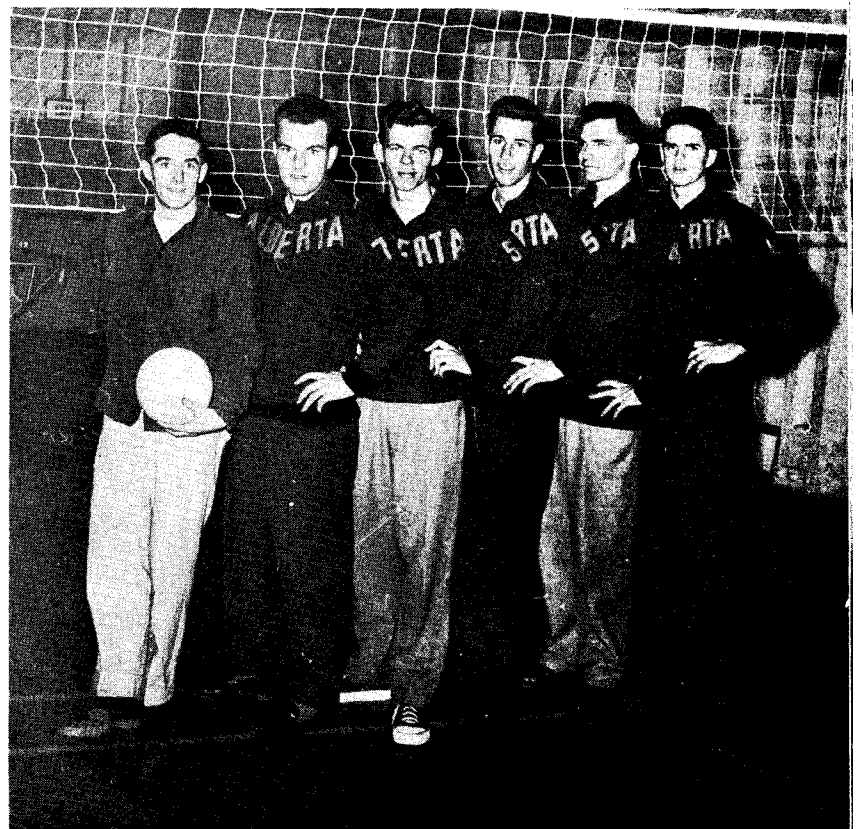

CROSS COUNTRY

For the second consecutive year, Alberta walked away with the Intervarsity Cross Country race, placing the first four men in the event. Bill Geddes led the Alberta team to victory, running the four-mile course in 25 minutes. Brandon College failed to enter a team so the only opposition was the Saskatchewan team. Members of the team are, left to right: Moe Johnstone, Ralph Jorgenson, John Chappel, Frank King and Bill Geddes. The coach of the team is Herb McLachlin.

VOLLEYBALL

Alberta netmen lost an extremely close series to the home-town Saskatchewan players. The series was a nip and tuck battle all the way until the fifth game, which Alberta lost 17 to 15. Members of the team, left to right, are: Lorne Thompson, Neil Boyd, Warren McIntyre, Jim Mazar, Bill Fisher and Bruce Perrin.

THE PANDAS

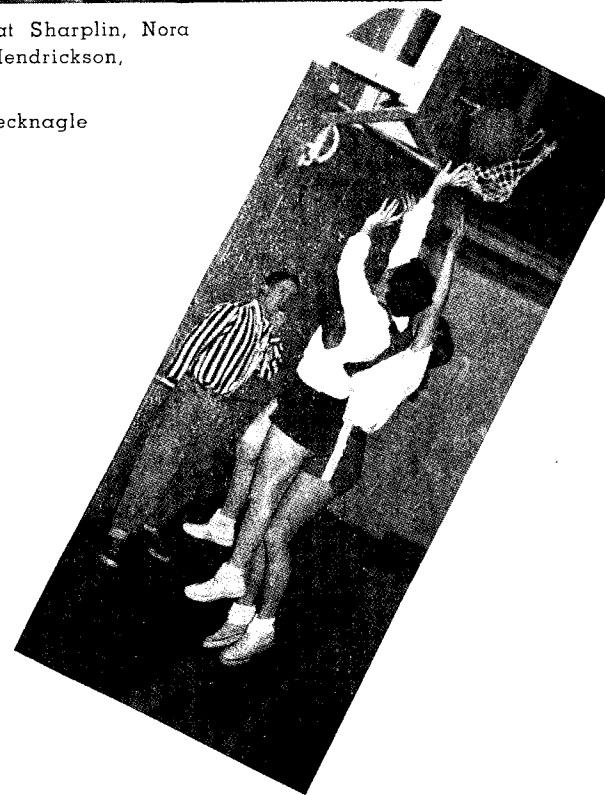

Left to Right: Lorna Daverne, Sandra Mendryk, Pat Sharplin, Nora Welbourn, Connie Horeak, Lorraine Adams, Mary Hendrickson, Carol German, Betty Fisher, Fran Losie

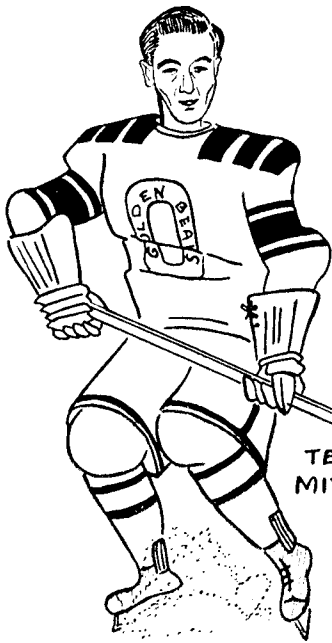

Coach: Mrs. Noel Robertson; Manager: Marg Recknagle

This year's edition of the Pandas, under the able direction of Mrs. Noel Robertson, had a successful series of basketball games here in the city with local teams.

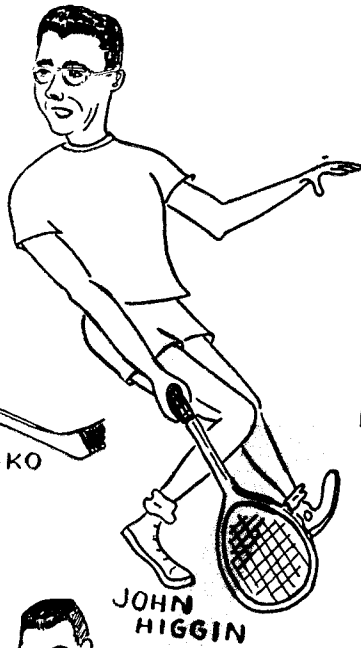

On the weekend of January 20 the Pandas made their annual trip to Calgary. In a hard fought battle with the Maxwells, they were defeated 45-31, but were victorious over the Calgary University squad 41-32. In a return bout with the Maxwells here January 28, the visiting team came out on top 42-25.

Connie Horeak has been the team's top scorer and helped make the Pandas strong contenders for the Cecil M. Race trophy. At the University of Saskatchewan over the week-end of February 3-5, the Saskatchewan Huskiettes out-pointed Manitoba and Alberta for a decisive win and the trophy.

CURLING

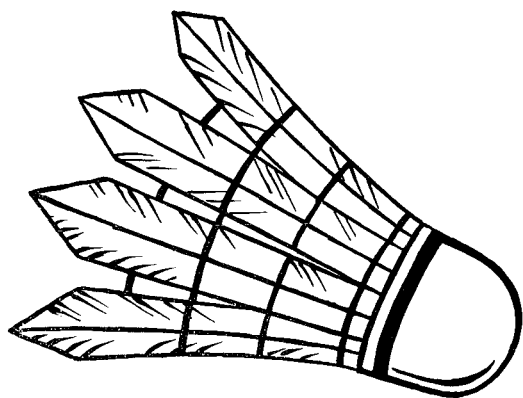

The Granite Curling Club was the scene of many practices for the Women's Curling Club under the sweeping eye of Bill Gray. In Saskatchewan, February 1-3, the team rocketed their way through Manitoba for a 12-4 win, but were swept aside later by Saskatchewan, 9-6.

BADMINTON

Powerful men and women's badminton teams swept to an all out victory over Saskatchewan and Manitoba, November 26, winning all matches, singles and doubles, except one men's singles match, for the O. J. Walker Trophy, emblematic of badminton intervarsity supremacy.

The Badminton Club this year involved about 100 students who met regularly to "beat the birds." The drill hall was available on Tuesday nights for the club, and on occasion, some members used the Braemar Club facilities on the north side. It is hoped that next year more interest will be shown in the club and that Alberta's team will continue to be a strong contender.

Standing: Jim McDonald, Hugh Edgar, Bruce Jackson
Kneeling: Judy Cairns, Rae Milligan, Eileen Nicol

Coach Gord Morrison

CROSS COUNTRY TEAM

Left to Right: Jack Ready, Chris Nyhus, Bill Geddes, Paul Gotaas

SKIING

"Try, try, and try again. In the past the Alberta ski team has tried, this year they tried again." For the first time Alberta has vacated their cellar position in the Inter-Collegiate Ski meet held in Banff each year, to place a close second behind the powerful University of Washington team. Coached by Gord Morrison, former Olympic racer, the team placed well in all three events, downhill, slalom, and crosscountry.

Outstanding performances were turned in by B. McPhalen, slalom; John Holland, downhill, and John Derrick, slalom. The crosscountry team was sparked by Kris Nyhus and Paul Gotaas. Fine performances were turned in by Bill Geddes and Jack Ready, who were on the boards for the first year. Best showing of all was shown by Gord Morrison, who placed second in the slalom and downhill events.

This year should give a great deal of incentive to skiers for the coming years, and it is hoped that in future years we will have a winning team.

McPhalen shows good form

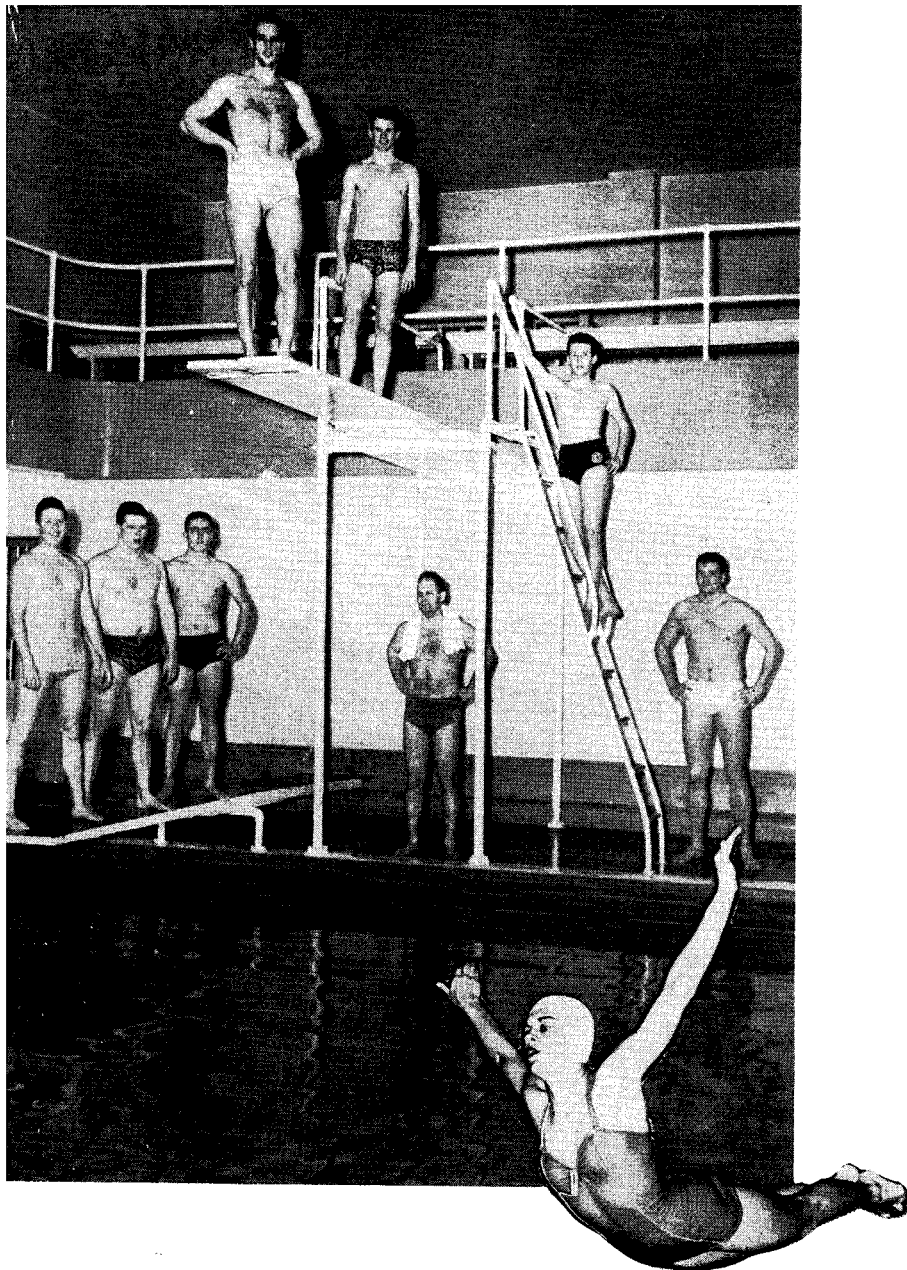

ALPINE TEAM

Left to Right: John Derrick, John Holland, Don Gill, Gord Morrison, Barry McPhalen

Daddy Holland swings through a gate

SWIMMING

During the 1955-56 season the Men's Varsity swim team valiantly tried to keep the sport "alive" as an intercollegiate sport, with the hope that within two years there will be a pool on the campus.

The rental of pool time in other city pools was almost impossible this year; therefore the team had only the spirited enthusiasm to match the enthusiasm and conditioning of the Saskatchewan aquateers. Two persons merit mention, John Wier, as manager for his third consecutive season, has given unselfishly of his time to revitalize swimming, not only at U. of A. but also during the summer around the Edmonton South Side Swimming Club.

Wolfgang Karbe, a graduate in Physical Education, has taught many University student beginners the fundamentals of swimming at the U. of A. Service Recreational Swimming Classes at the Y.W.C.A. Besides his instructrial role, he has set good example as Captain of the team. The coach of this year's team was Al Affleck, who did a very fine job in training the team.

MEN'S SWIMMING TEAM

Wolfgang Karbe, Mike Bartlett
Fraser Russell

Howard Boyd, Skip McDonald, Geof Kulak,
Al Affleck, Bruce Ritchie

Missing: Dick McBride, Tim Meyers, Bill Bilan
Virg Nelson

The hard working mermaids and harder working coach combined to produce a triumphant U. of A. swim team.

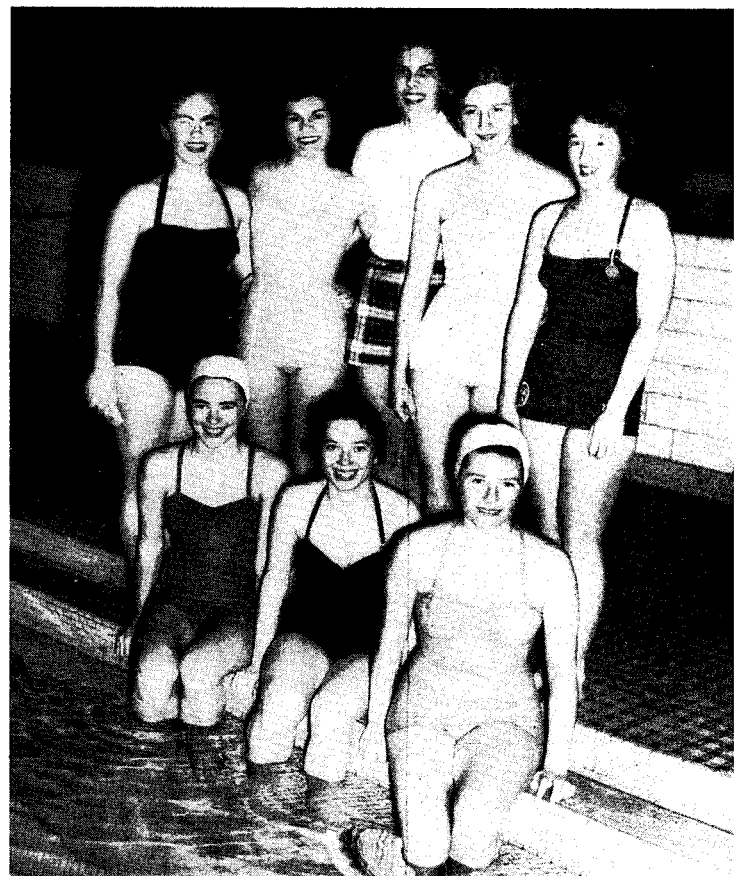

Along with other sporting events of the Intervarsity Sports Weekend the U. of A. and U. of S. swim teams competed for the Felsted trophy which Alberta has held since 1952.

Close sporting rivalry saw Alberta women successfully outswim U. of S. 49-39 as well as smashing three intercollegiate records in the medley relay, 100 yard relay, and 100 yard free style events.

Miss Pat Austin coached both racing and style swimming.

SWIMMING

Left to Right: Joan Kerr, Pat Crosman, Ann Hart
Back row: Ann Stewart, Joyce Gibson, Miss Pat Austin
(coach), Dawn Percy, Joyce Aylen

SKATING

The Intersarsity Weekend featured the U. of S. and U. of A. figure skating teams competing for the Irvine Kline trophy which was won by the Alberta team. Saskatchewan won the intermediate solo and junior solo and dance for 3.5 points while Alberta accumulated 6 points winning three sections of the senior division.

The talented Alberta girls were directed by Donna Knight, who has been with the U. of A. figure skaters a number of years.

FIGURE SKATING

Left to Right: Ruth Buchanan, Claire Williscroft, Barbara Beddome,
Rosemary Hall
Absent: Pat King, Irish Kirk, Donna Knight (coach)

VOLLEYBALL

Shirley Wilson returned to U. of A. this year to coach the Volleyball team. Backed by experienced members, the team showed spirited sportsmanship and top quality volleyball.

The Women' Intersarsity sports weekend here, February 24 - 25, highlighted Saskatchewan's efforts to retain the Dr. Sam Landa Volleyball trophy. The Saskatchewan girls took the first game in the best of three series 29 - 17. Alberta came back to take the second game 31 - 19. U. of S. won the third and final game 30 - 22 to retain their volleyball title.

VOLLEYBALL

Kneeling: Manager Barbara Wilson, Marion Hall, Betty Fisher, Gladys Theilan,
Mary Hendrickson, Coach Shirley Wilson

Standing: Loretta Hoffas, Pat Parker, Sandra Mendryk, Mona McLaughlin,
Lynne Houston, Barbara Beaton

BEARCATS

Varsity Bearcats

Standing: Don Peirce, John Semkuley, Ray Blacklock, Jim Gilfillan (Coach), Bob Lamb, Ken Webb

Kneeling: Dick McBride, Ernie Wynchuk, Gordie Cooper, Ray Webb, Dick Holmes

The University of Alberta Bearcats had a full schedule this year as they took part in the Edmonton Men's Senior "B" League as well as playing several exhibition games with Edmonton high schools and the Calgary Varsity squad. They lost two games to Victoria Composite and one to Eastglen while beating the Vic squad once. Against the Calgary team, the 'Cats came up with victories in both games.

This year's squad was made up of many newcomers as only three veterans from former squads returned. Co-captains for the team were Don Peirce and Ernie Wynchuk, and the coach was Jim Gilfillan, who handled the reins of the 'Cats for the first time.

Going into the final week of play in the "B" League, the Bearcats possessed a 10-4 won lost record. The team did not enter provincial intermediate play-downs because of the games conflicting with final exams.

CURLING

Curling, one of the most popular sports on the campus this year, actively engaged 250 people. Aside from the regular weekly curling, there were three separate bonspiels. Valuable prizes were awarded in the Men's and Women's events. Roland Roggaveen and Marg Recknagle were the respective winners. Lissik was the winner of the mixed bonspiel, while Glyn Lewis was the winner of the Intersivity playoffs and will represent Alberta. Next year promises to be even bigger and better so we will see you there.

ALBERTA'S ENTRY

Left to Right: Syd Lewis, Emerson Howard, Eric Lefsrud, Glyn Lewis.

INTRA-MURAL CROSS-COUNTRY RACE

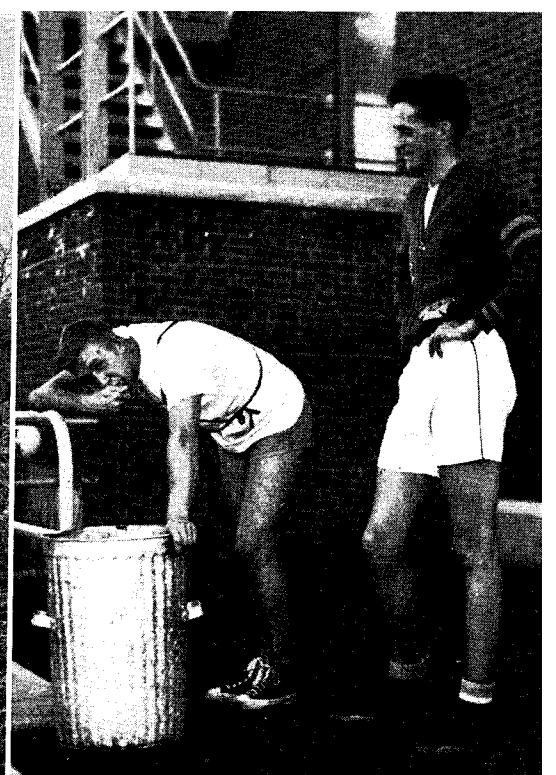

And they're off and running!

Teaching Chemistry is easier than this

Hasten, hasten, fetch the basin

"I should have stood in bed"

It's a lovely day for a walk

WRESTLING

The Wrestling Club was a very active club on the campus this year. The team, chosen in the early spring, and coached by Alex Romaniuk, showed well in the meet held at Montana. The team showed equally well in competing for the Beaumont Trophy against Saskatchewan, and it is hoped that the new recruits in the club this year will carry on their enthusiasm in the future.

Members of the team are: Standing, left to right, Alex Romaniuk, Peter Woloshyn, Jack Parkinson, Al Boykiw, Hardy Davis. Kneeling, left to right, Dave Cornish, Bill Tichkowsky, Don Fish, Don Mattas, Bernie D'Aoust.

RIFLE CLUB

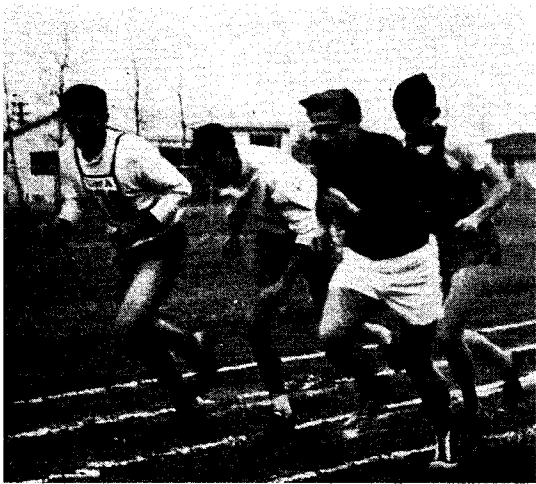

The Rifle Club was very active this year, considering that this is only its second year of operation. About 20 students attended the weekly shoots and four sharp-eyed shots-smiths were chosen to represent Alberta in an Intervarsity telegraphic rifle meet shoot. In this meet, Alberta placed second, 10 points behind Manitoba.

Members of the team are, left to right, Dave Mitchell, Cliff Hansen, Jim Carroll (coach), and Vern Miller.

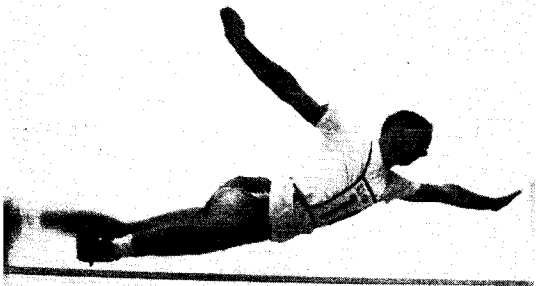

ARCHERY

The Intervarsity Archery team, this year composed of three fourth-year physical education students, competed in a Canada-wide telegraphic archery meet. The meet was won by McGill, with Alberta archers placing seventh. Members of the team, left to right, are Lorna Daverne, Rae Milligan and Connie Horeak.

FIELD

Posed

The stretch

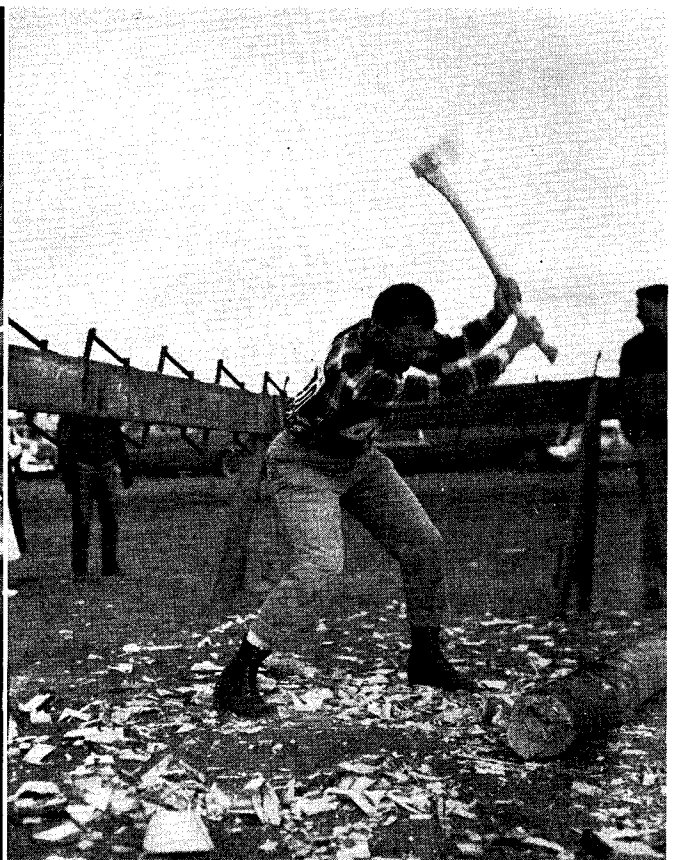

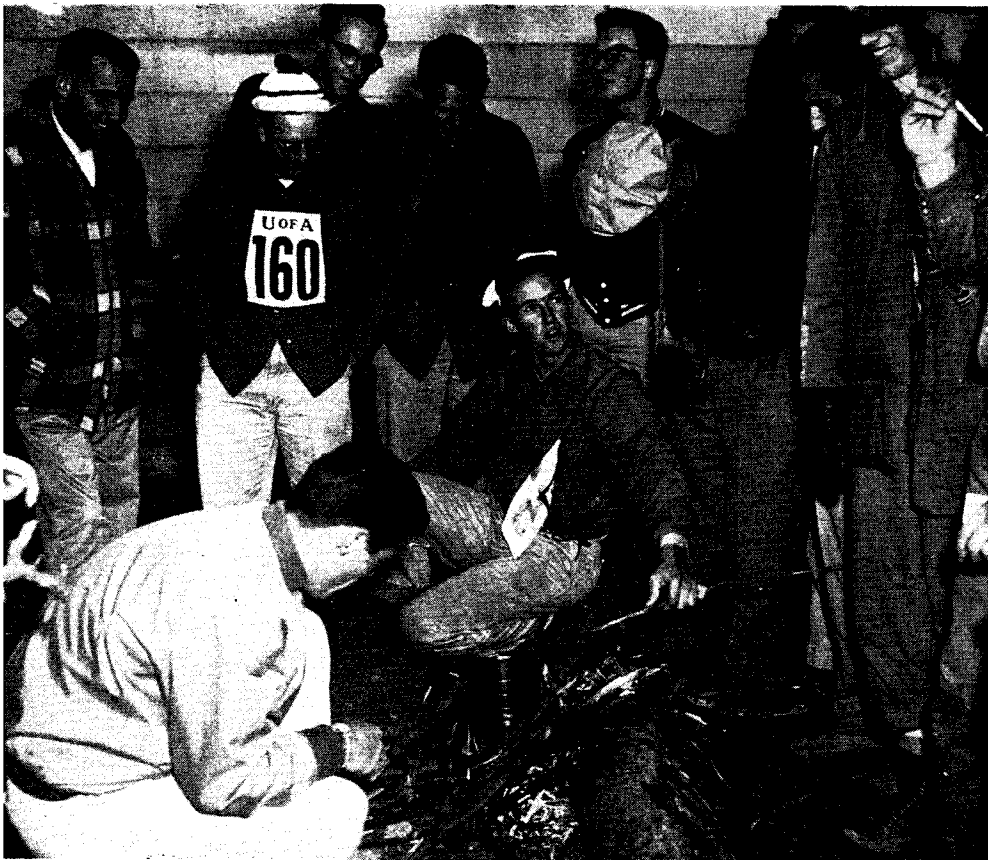

It was a cold autumn day but 125 brave women turned out for spirited competition in the annual track and field meet. Decked out in costumes, each faculty paraded around the quad to start off the racing, jumping and field events.

Many enthusiastic Thetas walked away with top honors although no new records were made.

INTRA

The Men's Intramural Athletic programme was bigger and better this year than ever before. Planned and organized by Herb McLachlin of the Physical Education staff, the programme had about 1,000 students participating in its various activities. In the fall a tennis tournament, held at the Garneau and University courts, and a golf tournament held at the Riverside Golf Course were held. Good crowds of both athletes and spectators were out for the Cross-country Race, Track and Field Meet, Football League, and Frontiersmen's Day. Basketball, Volleyball, Table Tennis and Interfaculty Hockey provided the necessary exercise and excitement during the winter months.

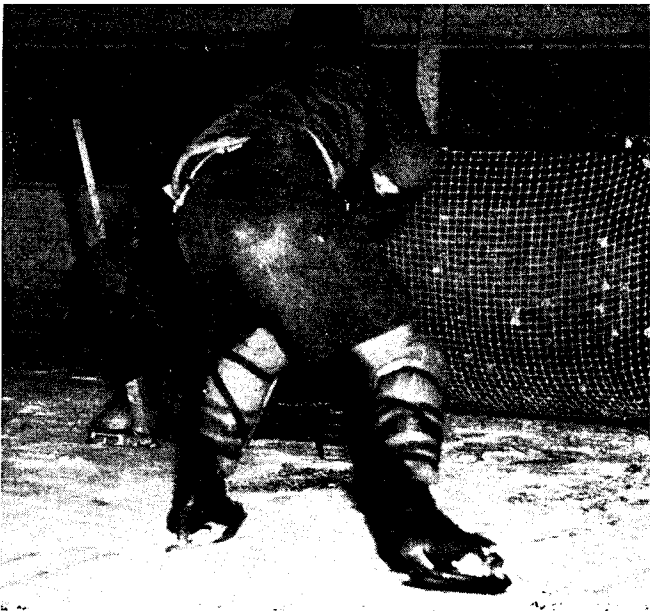

Strong competition was evident among the faculties, fraternities, residences and clubs, but the Phi Kappa Pi Fraternity walked off with the Henry Singer Trophy for the Intramural aggregate awards. The Intramural athlete of the year is Bill Geddes and he received the Motor Car Supply Trophy for his activities.

It is hoped that the Intramural programme will continue expanding in the future, and that more students will participate in its activities.

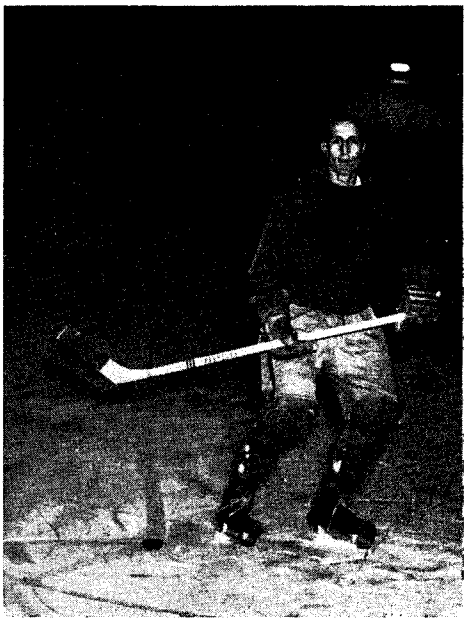

The competitive spirit

ARTS AND SCIENCE CLUB

Plans are evolved for stealing the Engineers' Queens

The Arts and Science Undergraduate Society started out a busy year by their Annual Tea Dance which they use to welcome the Frosh. The next and biggest accomplishment of the year was the Mardi Gras Dance, the only costume ball held on the campus. During this time a King of the Campus is elected by the various girls' organizations.

As has been the case in the past there was strong rivalry by other faculties, especially Engineers, to steal the King candidates. Their successful attempt this year was short-lived when Artsman and Med students recaptured the Kings after 24 hours of frantic seaching. The year's activities closed with a Dine and Dance at Club Anton.

All this, and cooking, too?

Stuck in the mud

The main project of the Drama Society was an inter-faculty play meet held in March. Four faculties entered one-act plays in the competition, and a trophy was presented for the best play. The Drama Society also produced a play for the festival, though it was not entered for competition.

During the year several guest speakers addressed the club on various aspects of the theatre, and members were given an opportunity to see the dress rehearsals of Studio Theatre productions. In addition, members took part in some of these productions and in radio plays presented by Radio Society.

Other activities included the entering of a float in the football parade, ushering services for Studio Theatre, technical assistance for Varsity Varieties, and a tour during the past summer when three one-act plays were presented in several central Alberta towns.

Publicity

The Drama Society is trying something definitely new this year with the inception of inter-faculty competition. This will serve two purposes. Not only will it make the Drama Society an exceedingly active organization, but it will also create a new interest and challenge for the various organizations on campus. This will not only help in increasing campus spirit but it will enable individuals who have acting talent to display it to the credit of themselves and their faculty. With the ambitious executive of this year there is every possibility of a great success this year for this new idea, and, given any help at all from the various clubs, there is a good chance of it becoming an annual affair.

The Bar-None

This year, the Aggies, as they are called, showed, once more, the spirit for which they are so well known. For anything from donating blood to stealing Engineer Queens, it is harder to find a more co-ordinated group. When this spirit is turned onto something like their annual Dance, The Bar-None, it can't help but be a success. The variety of music, intensive advertising, and strangely garbed people on the campus at this time are a sure sign that the Bar-None is approaching. Another activity for which the Aggies are well noted are their elaborate displays at the University farm during Varsity Guest Week-End.

MIXED

RICHARD J. EATON
Conductor

This year was a year of notable "firsts" for the University of Alberta Mixed Chorus. For the first time an orchestral accompaniment was used. This group, made up of a viola, two flutes and two cellos accompanied the first section, "God's Time Is the Best," and, small though it was, greatly added to the enjoyment of this very moving piece of music. Another innovation for the Chorus this year was a suite of three French-Canadian folk songs arranged especially for the Chorus by the conductor, Pro. R. S. Eaton. Another departure from past practice this year was the addition of a "Short Tour" in place of the usual Calgary Concerts. The tour, planned to give the new members of the Chorus a glimpse of what Spring Tour is really like, was a huge success in every way. In Tofield, Wetaskiwin and Camrose, on three successive nights, the Chorus won a host of new friends and proved once again that good music really can be fun! Incidentally, this tour added two more names to the list of towns and cities in which the Chorus has sung bringing the total very near the fifty mark.

Plans for Spring Tour this year are for the first extensive out-of-the-province tour ever made by the Chorus. The

proof that such a tour really can be made will, we hope, make this tour the first of many such tours for the Chorus.

Many other activities contributed to make the year an extremely busy one for the chorus. At the invitation of St. Stephen's College the Chorus participated, this Christmas, in a coast-to-coast CBC broadcast. Soon after the Chorus made it's annual visit to the wards of the University Hospital and the Colonel Mewburn Pavilion to sing carols and share with the patients some of the spirit of Christmas.

Once again the appreciation of the patients more than repaid the efforts of the Chorus at that busy time of the year. The V.G.W. activities, a recorded program for the CBC, the "Cross-town Concert" in the new First Baptist Church and the final banquet all added to an already heavy schedule.

Through it all, however, shines the esprit-de-corps of the Chorus, a spirit that in twelve short years has brought it from the place of just another struggling Chorus to the position of a Chorus which has taken its place in the cultural life of the University and the province, enriching and broadening the lives of thousands of Chorus alumni, professors, students and citizens throughout Alberta.

Education Pogo Dance

The Education Undergraduate Society is an active organization on the University of Alberta campus. Many and varied activities are carried on throughout the year touching all spheres—social, professional and academic. Some of the highlights are:

Social—Our annual successes are the Pogo, Quarter and Education dances. Excursions take place to and from Calgary, featuring a variety of sports events, get-togethers, and dances. Throughout the year, Education sponsors sports events for all interested. But this is not all, competitions, teas, and displays are enjoyed by Education students.

Professional—Student Assemblies are held at eleven thirty every Thursday presenting student programs, speeches, and films. Student-Faculty Nights are when professors and their wives become acquainted with students.

UNIVERSITY

NAVAL

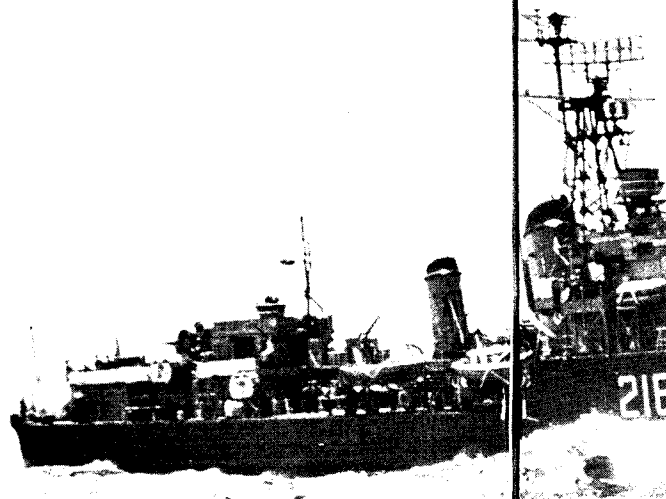

During the year, cadets of the University Naval Training Division participated in summer training on both coasts and carried out winter training at their home division, "H.M.C.S. NONSUCH."

East coast training for first year cadets featured cruises in the cruiser "Quebec" and the destroyers "Huron" and "Iroquois" to Newfoundland, the United States, and Puerto Rico. While stationed at Halifax, these cadets studied basic naval courses and participated in ceremonial parades and varied activities.

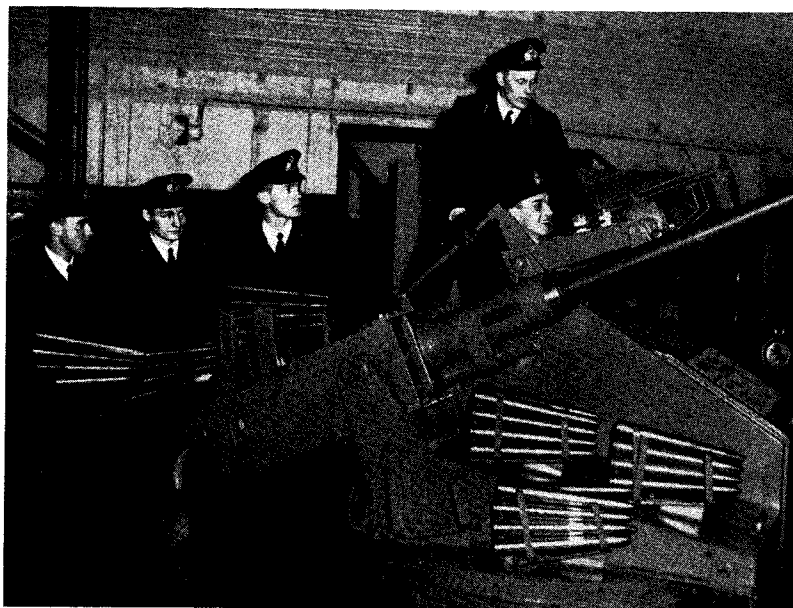

Second year cadets taking specialized courses spent the summer at Royal Roads in Victoria, B.C. Ports of call on West Coast cruises included Seattle, Portland and San Francisco. Cadets also took part in competitive drills, practice exercises and other nautical activities at Bedwell Harbour.

Several Air Branch cadets took flight training at Penhold and other Eastern centres.

Senior service cadets enjoyed numerous social functions during the winter, including an Armistice Day, Memorial Service, Mess dinner, New Year's levee, Tri-Service Ball and gunroom party.

At the close of the 1955 - 56 academic year, officer cadets of the Alberta contingent will disperse to their respective corps schools for summer practical training. Each cadet is offered a choice of corps including: Armoured, Artillery, Dental, Engineers, Infantry, Medical, Ordnance, Provost, Service, Signals, Electrical and Mechanical Engineers.

Schools are located from Chilliwack to Montreal. This year the following officer cadets have qualified as 2/Lt.: Chmilar, Chrumka, Hayhurst - France Horn, Hulmes, Lawrie, Leigh, Lyons, McLuhan, Riddell, Roberts, Selezinka, Shymka, Wianko and Zahar.

Out on a scheme are O/C's M. Morin, J. Chappel and L. Kendall

During the winter or theoretical phase of training, the cadets received lectures on Military Science, Military Geography, Tactics, and other subjects. These lectures are conducted by the officers of the contingent and guest speakers.

The University Services Mess, which is jointly operated by the three services, has proven itself to be popular during the evenings on which there are dances at the Drill Hall. The addition of a TV set by the U.N.T.D. was a very welcome gift.

The C.O.T.C held two social functions during the year; the tri-service ball and a mess dinner. Both were very successful.

2/Lts. Chappel, Kelly, Small, Balkwill, Welsh and Wright were selected from the top cadets of Canada to complete their third practical phase in Germany.

O/C Joe Haws, too tired to stand, leans on a German 5cm. anti-tank gun at Camp Borden

R. C. A. F.

UNIVERSITY RESERVE

Besides the regular Wednesday night lectures, a number of special parades were held during the year. These included a lecture in civil defence at the Civil Defence Headquarters, visits to the Search and Rescue Unit and many others. The squadron enjoyed entering a Search and Rescue float in the annual Football Parade. As in past years the R.C.A.F. helped in planning another very successful Tri-Service Ball.

Summer training was perhaps the most successful to date, with Pilot Officers Sheila Berry, Marion Empey, Jim Third, and Don Davis being stationed in Europe. Second year cadets were posted all across Canada taking more specialized training than in their first year. Aylmer, Clinton, Winnipeg, Penhold and Claresholm are stations where many Alberta cadets were posted. F/C Peggy Telfer spent two weeks temporary duty in Europe.

First year cadets, including two girls from this squadron, were sent to London and Kingston for basic training. This consisted of such subjects as Leadership, World Affairs, Service Management, and History. Of course we will never forget the many hours of drill on the parade square.

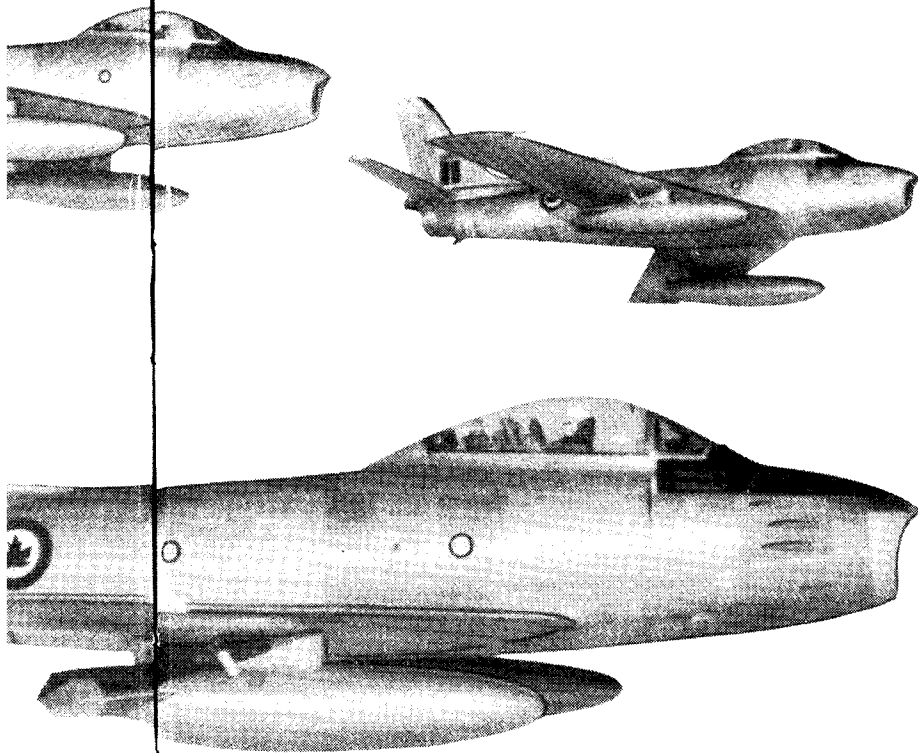

Eyes front! F/C's Ann Nechkin and Florence Cerezke of Alberta are first and third from the right

Staff, left to right: S/L Riedel, F/L Curry, P/O Agrios, F/L Crighton, Cpl. Poire

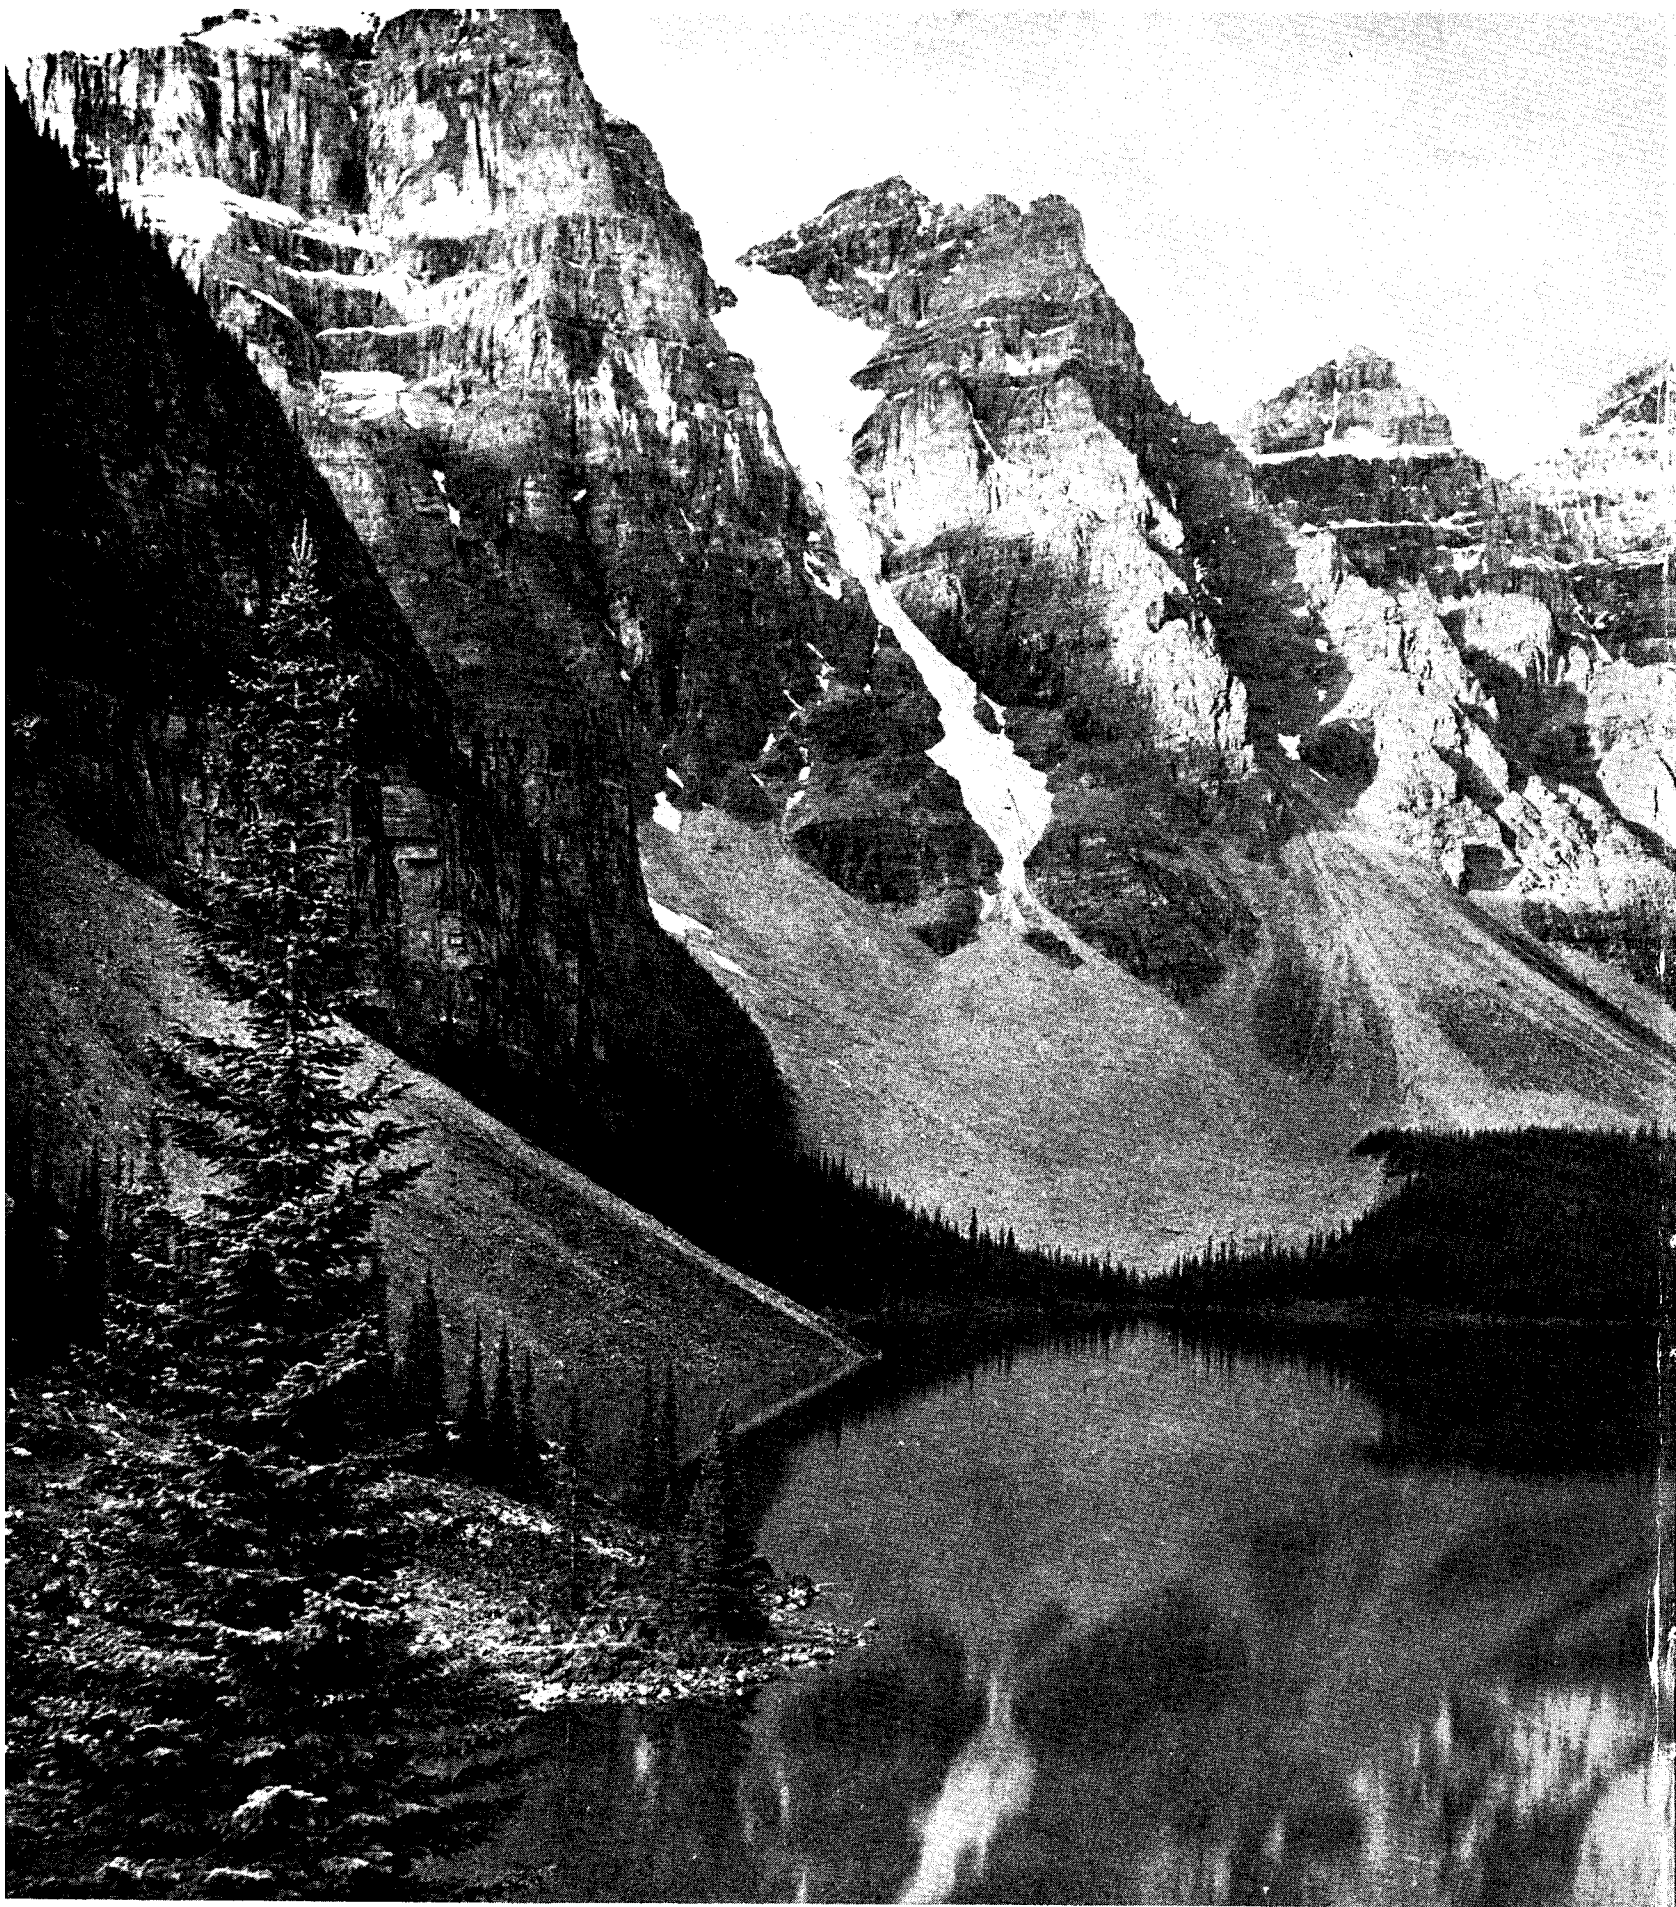

A typical winter lecture in the Services Lounge

However not all was work, many cadets toured parts of Eastern Canada during weekend passes. Niagara Falls, Montreal and Toronto were places of main interest. Some were lucky enough to get to New York City.

Some changes in staff occurred during the year. S/L McAlpine was posted to Claresholm, with F/L Ross Curry becoming our new Resident Staff Officer. P/O John Agrios, a graduate of this squadron, was also taken on staff.

In Memoriam

DR. JOHN WILLIAM CAMPBELL

Born in Ontario in 1890, Dr. Campbell received his Master of Arts degree at Queen's University in 1913. Two years later he was awarded a doctorate of philosophy from the University of Chicago. He was a pioneer in the field of catenary mathematics and had a special interest in mathematical astronomy. His textbook, "An Introduction to Mechanics," has received wide recognition, and he has had numerous articles published in learned journals.

Serving from 1917 to 1919 with the Royal Garrison Artillery, he later accepted a post as associate professor at the State University of Iowa. Coming to Alberta 35 years ago, Dr. Campbell saw the staff of his department grow from three to twelve, prior to his retirement.

Among the distinctions which he received were a fellowship in the Royal Society of Canada and the presidency of the Royal Astronomical Society of Canada. Dr. Campbell will be remembered in mathematical and scientific circles across Canada and by hundreds of Alberta graduates to whom he lectured.

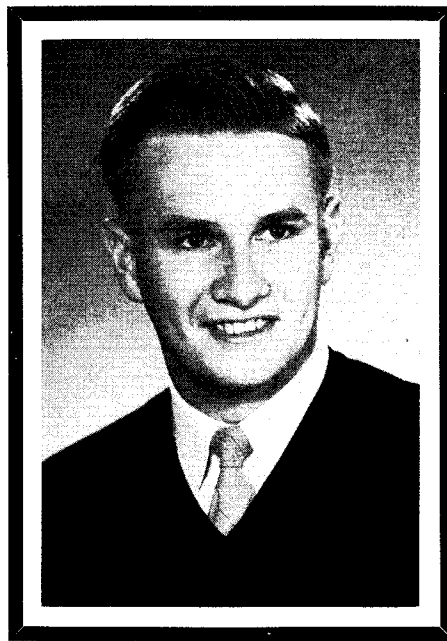

WARREN PLATZER

Born in Austria in 1928, Warren made his home in Grande Prairie after coming to Canada. While attending high school there he was an active participant in all sports.

He started his university work in education, worked and returned to U. of A. once more when he enrolled in pre-med. Warren received his Bachelor of Science degree in 1954 and enrolled in medicine the next fall.

At the time of his death in a plane crash in May, 1955, he was employed in the north. Warren will remain in the memories of those who were his fellows for his quiet manner and willing spirit.

IAN COOPER

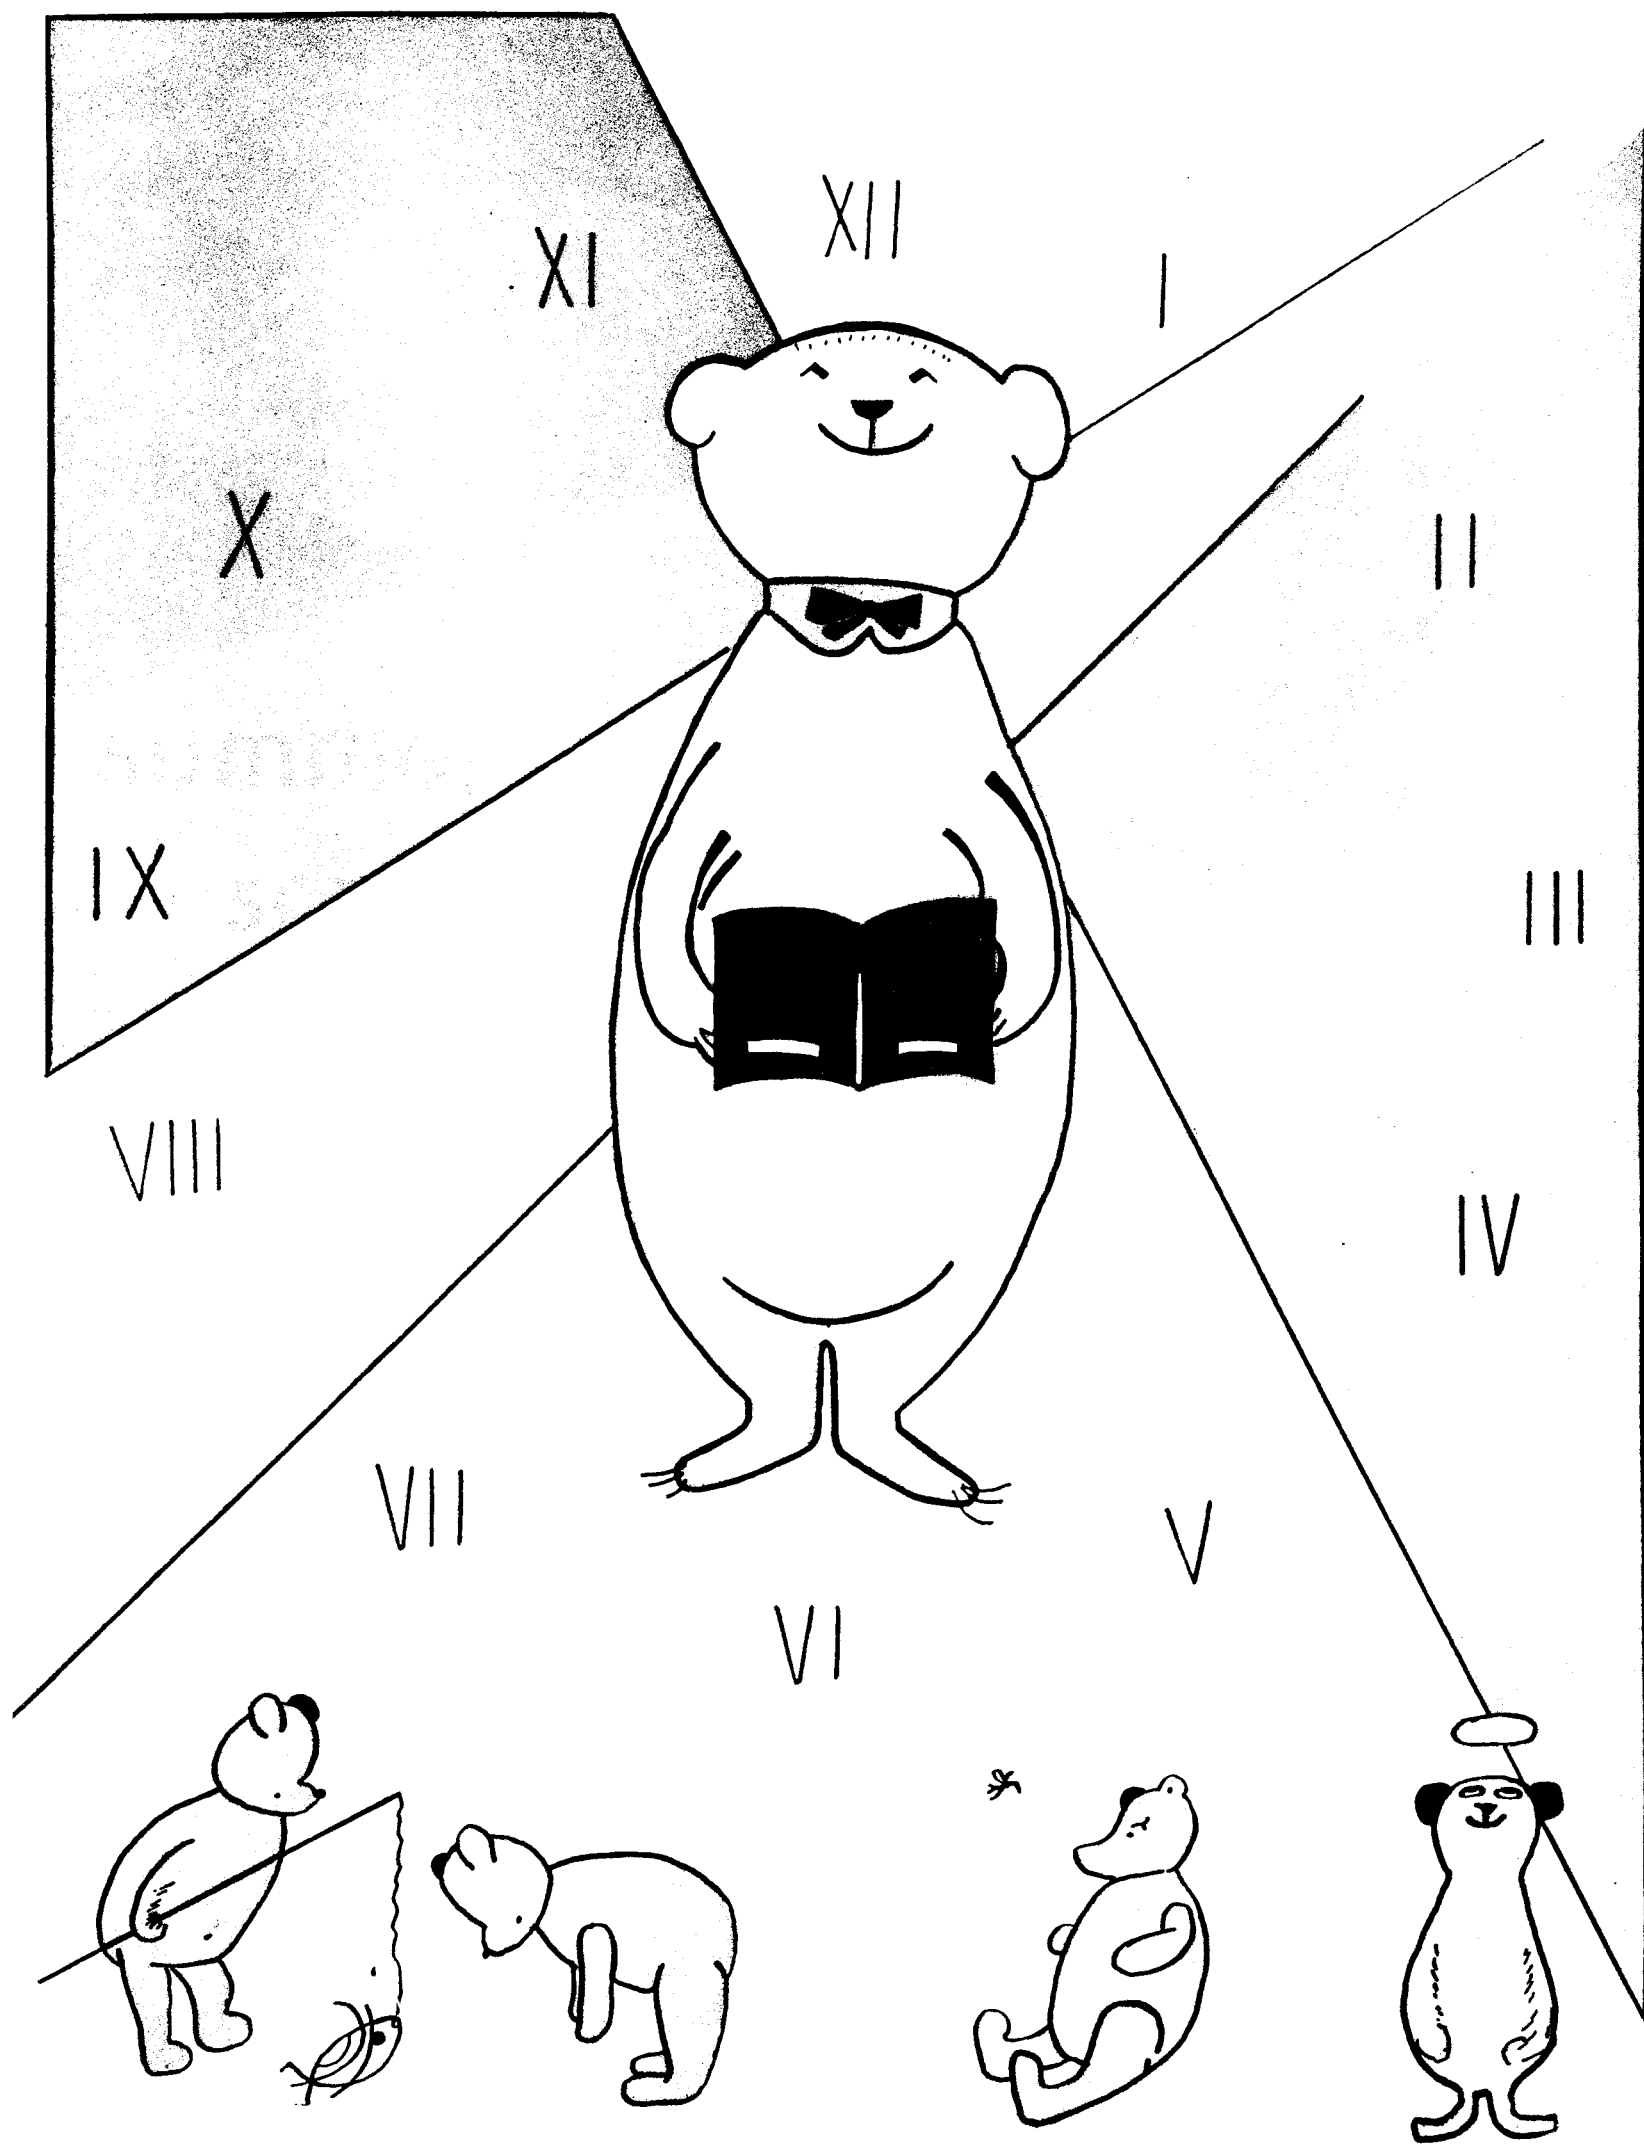

Born in Scotland, Ian moved to Canada with his parents eight years ago. He attended Crescent Heights High School in Calgary, and during that time was president of the United Church young people.

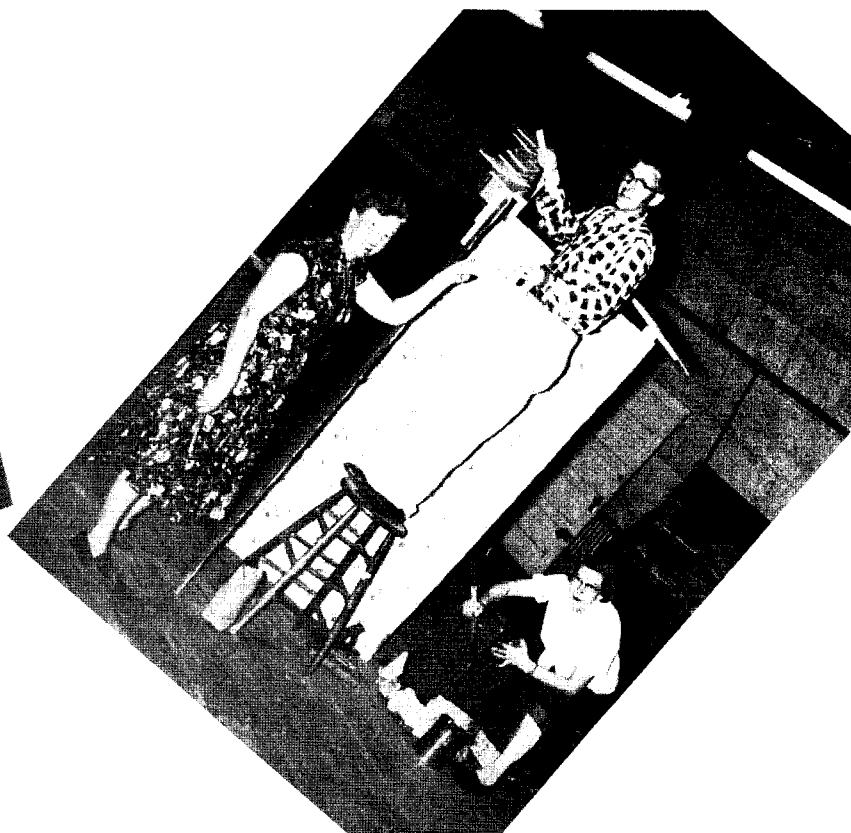

He was enrolled in second year geology after completing his first term at the Calgary Branch of the University at the time of his death in a motor accident. Ian will long be remembered by those who knew him best—his classmates and instructors for his interested and willing contribution to their activities.

COMPETITION IS TOUGH !

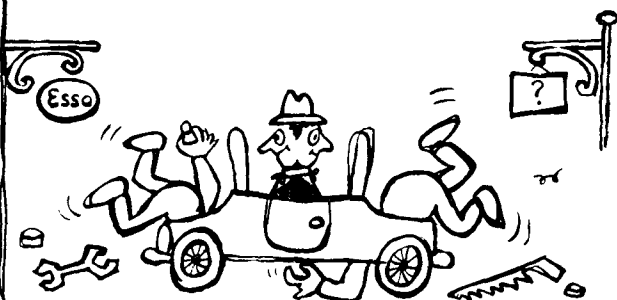

Competition is tough in the oil business, too. While we believe Imperial is the **best** oil company in Canada, it's far from the only one. We're beset on all sides by healthy competitors.

From the Maritimes to British Columbia more than 240 companies are competing in the **search** for crude oil.

In 45 refineries from Halifax to Vancouver, 24 companies **refine** this crude oil into hundreds of useful oil products.

In all of Canada, scores of **marketing** companies compete for the motorist's and home owner's dollar.

In all its operations from coast to coast, Imperial Oil faces **competition** which is vigorous and resourceful, benefiting both the industry and the consumer.

A Tribute . . .

The City of Calgary pays tribute to the men and women graduates of '56. Your long hours of study and self-sacrifice towards a career of service to mankind are worthy of our admiration and respect. Congratulations and best wishes to you all.

NOW THEY HAVE FERGUSON TRACTORS *in Shangri-La!*

There's a new sound in the picturesque land of Tibet beyond the Himalayas—the power-song of a tractor's engine. It's a strange and wonderful sound to the Tibetans who for centuries have worked the land with plodding, shaggy-haired yaks.

Tractors are at work on the high plateaus of Tibet today because an enterprising Ferguson dealer believed progress could be sold—even in so remote and inaccessible a land. So he took the tractors apart at his dealership in northern India, packed them piece by piece into wooden crates, and transported them over the mountains by mule train.

Modern agricultural knowledge and farming techniques are being extended by Massey-Harris-Ferguson, as in Tibet, to a great many faraway lands, for progress *can* be sold. Business done by the company in 142 countries throughout the world creates a volume of production resulting in lower manufacturing costs. This helps Massey-Harris-Ferguson to maintain the selling prices of its products at a low level of increase.

Moreover, a large part of the company's earnings from trade in other parts of the world is spent in Canada for labour, materials and services—for the greater prosperity of *all* Canadians.

The faith men live by

NOT A DAY GOES BY that we don't put our trust in others, in countless little ways.

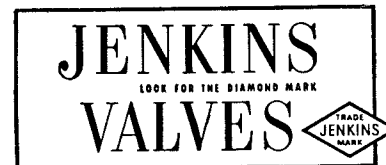

We trust the policeman to keep the peace, the grocer to give us good meat and bread — and we trust, in measure, the honesty of everyone whose wares we buy, or to whom we sell our own.

Sometimes in evidence of our good intent, we sign our name or make our mark — and this mark becomes a visible symbol of our earnestness to merit the trust of our fellow man.

Such a mark does not attain its full significance as the ink is dry, but rather with the passage of years. As time goes by the original trust that engendered it ripens into faith in the signer's integrity, and that faith itself becomes an institution.

That is why Jenkins Bros. consider their trade mark — the Jenkins Bros. Diamond and Signature — among the most important virtues of a Jenkins Valve. This mark has become a symbol of justified faith placed in a body of honorable men making honest products, since 1864.

Sold Through Leading Industrial Distributors

COMPLETE YOUR LIBRARY
WITH A COPY OF THE

Golden Jubilee Anthology

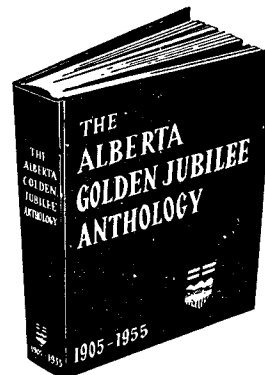

AUTHORIZED BY . . .

the Government of the Province of Alberta, the "Golden Jubilee Anthology" contains the finest creative writing of Alberta writers, fact and fiction, to present the Alberta story from the days of the early explorers and fur traders to the present time.

EDITED BY . . .

W. G. Hardy, Alberta's widely read novelist, and a board of Alberta writers, illustrated by H. G. Glyde, R.C.A., published by McClelland and Stewart Ltd., Toronto, the Anthology consists of some forty articles on Alberta, some thirty fiction stories, a selection devoted to poetry, fourteen full color kodachromes of the Alberta scene, and a special fine art section.

Worth \$8.50

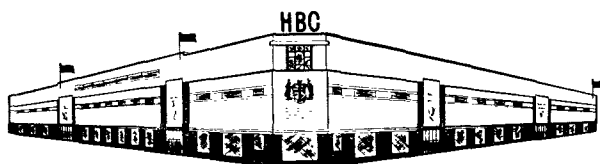

ONLY

\$5.00

Golden Jubilee Anthology Copies May Be Obtained From:

Now . . . Before You Leave School

Before you leave school is the time to establish a banking connection. Whatever business or professional career you may have in mind, you will find that an early association with The Bank of Nova Scotia will be most helpful in the years to come. Start with a savings account . . . no amount is too small . . . and it is never too early to open an account.

THE BANK OF NOVA SCOTIA

men money equipment *Working together*

Canadian Utilities supplies an efficient, economical source of electricity to rural areas. Highly skilled technicians, up-to-the-minute equipment, plus solid financial backing are needed to keep this service flowing smoothly. Rural electrification means more jobs done better . . . at lower cost to you, the consumer.

**HIGH
IN
VALUE!**

Reddy Kilowatt is on top every time when it comes to value.

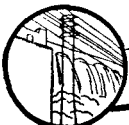

From the time you get up in the morning 'til you flick off the light at night he's there to help you — with the washing, ironing, cooking, cleaning, almost every household chore.

Add up all the chores he does in YOUR home and you'll agree that Reddy is your most dependable servant.

**LOW
IN
COST!**

And Reddy does all these chores for you, for less money than before World War II. Actually, on the average, residential customers get twice as many kilowatt hours for \$1.00 than they did in 1939.

Yes, folks, while the cost of everything else has been going UP, the cost of electricity has been going DOWN. What else in your family budget gives you so much for so little money?

 **CALGARY POWER LTD.** SERVING ALBERTA

**Try These
Delicious**

PHONE 25151

Whalley.

THE OLD SOCK is one place to store your money, but it's more comfortable—and a lot safer—to keep it in a Savings Account at any one of the Royal's eight Edmonton Branches. Bank at least something out of every dollar you receive. It soon becomes a habit—and a good one. We welcome students' accounts.

THE ROYAL BANK OF CANADA
8 branches in Edmonton

It is a pleasure to extend heartiest congratulations to the University of Alberta graduating class of 1956.

Although you have just closed the door on one major phase in your young lives, you have simultaneously opened new ones which in time will lead you to your ultimate goal in life. The fundamentals — the knowledge and experience you have gained in the halls of wisdom — are but the seeds of your future. May you sow them carefully and reap rich harvests of success, happiness and respect among your fellow citizens.

Wm. Hawes
MAYOR
THE CITY OF EDMONTON.

How bright is your tomorrow ?

No one can tell how things will go with you next year . . . next month . . . or even tomorrow.

But you can take a lot of the worry out of "tomorrow" by talking to the Canada Life representative.

A Canadian company, with over a century of experience, the Canada Life can give you practical, down-to-earth advice. Advice that will help you meet future uncertainties and make tomorrow bright.

WORKING WITH CANADIANS IN EVERY WALK OF LIFE SINCE 1817

How an Atomic Electric Power Plant works

Heat generated by a fuel source of uranium rods in the atomic reactor, or furnace, superheats "heavy" water which is piped through a heat exchanger where ordinary water is turned to steam. Once steam is

created, electricity is generated by a conventional steam-driven turbine-generator. The electricity produced is the same as the electric power we use today.

CANADIAN GENERAL ELECTRIC

together with Atomic Energy of Canada Limited and Ontario Hydro
to build Canada's first Atomic Electric Power Plant

DRAMATIC proof of Canada's world prominence in the development of nuclear energy for industrial purposes is the atomic electric power plant now being designed for erection near Chalk River, Ontario.

Basically, the plant will consist of an atomic reactor and an electric generator driven by a steam turbine. The vast heat from the reactor, or furnace, creates the steam to drive the turbine. This unique power plant when completed, will become part of the Ontario Hydro system.

Electricity from the atomic power plant will be exactly the same as the electric power we know today. Only the source of energy to produce the steam is changed. Atomic fission of uranium rods will provide the heat instead of burning coal, oil or gas as in a conventional furnace.

For the complex and challenging assignment of engineering and constructing Canada's first atomic electric power plant, a new organization has been formed within Canadian General Electric — the Civil-

ian Atomic Power Department. Already a hand-picked group of highly qualified people, including top nuclear experts, is working full-time on the project.

Canadian General Electric is deeply conscious of its great responsibilities in pioneering this new and vital development. The invaluable knowledge and experience gained from all phases of the work will be freely available to privately and publicly owned power companies across Canada. It will be a working pilot plant on which to base the atomic electric stations of tomorrow. These may eventually become this country's major source of electricity.

For over 60 years, Canadian General Electric has helped to spread the benefits of electric power throughout this country—building equipment to generate power, transmit it and put it to work. It is gratifying to have this historic opportunity to contribute both experience and a share of the cost to a development that will still further promote the electrical way of living for all Canadians.

Progress Is Our Most Important Product

CANADIAN GENERAL ELECTRIC COMPANY LIMITED

MEDICINE HAT, ALBERTA

The Oasis of the Prairies
The Ideal Place for Residence
(Pop. 20,000)

Unlimited supply of Natural Gas, the cheapest fuel in Canada. No smoke, no dust, no ashes. The turning of a tap regulates heat for all weather changes. Electricity for household use and power for industries at exceptionally low rates.
